

PINCHOT ISSUES STATEMENT ON U. S. DRY LAWS

Points Out How Illegal
Liquor Selling May Be
Checked

Washington, Oct. 22.—Governor Pinchot of Pennsylvania, whose unexpected silence featured the white house conference of governors, spoke his mind in a formal statement placing upon the federal government the burden of responsibility for prohibition enforcement.

Mr. Pinchot in effect reiterated the position taken publicly a week ago, when he placed the enforcement problem squarely upon the shoulders of President Coolidge.

The governor asserted that the president's conference Saturday failed to discuss the practical details of how to enforce the law. He then pointed out how, in his opinion, the selling of illegal domestic liquor can be dried up, adding that "the present orgy of lawlessness is utterly unnecessary." His statement continued:

"The main sources of the present flood of illegal drink are breweries, alcohol producing plants, liquor in bond and smuggling. Smuggling can be dealt with only by the national government. It is a problem by itself. Breweries and alcohol producing plants can not operate or deliver their products except under federal permit, while liquor in bond is wholly controlled as to its safe-keeping, transportation and release by federal permits."

"In the matter of permits the federal government, as Commissioner Haynes well says, is solely responsible and the states can not help. If the federal government would write into each of its permits to manufacture, transport, store or utilize alcoholic liquors certain simple conditions, it would make law-breaking so difficult as to be practically impossible under anything short of actual collusion between law-breakers and the enforcement officials."

"I do not suggest that Pennsylvania or any other state should be relieved of any part of its duty in law enforcement, but the states should not be compelled to pick up the bird shot scattered all over the floor by the failure of the federal government to check the flood of illegal liquor at its source."

"When the federal government uses its power over permits as here suggested, when it takes the enforcement service out of politics and raises it to a higher level, the flood of illegal liquor will be stopped at the source, and the whisky rebellion will be over."

Among the conditions which Mr. Pinchot would have written into the permits are: Revocation of the permit when the permittee is caught violating the law; supervision of manufacture and access to all parts of the plant day or night by state and national enforcement officers; products to be shipped only at specified times and only after inspection and stamping at the plant.

FOUR THOUSAND IRISH PRISONERS REFUSE FOOD

Dublin, Oct. 22.—From Mountjoy prison where 400 republican prisoners have been reported as hunger strikers, the hunger-striking has now spread to many other prisons where the Free State government is detaining captured irregulars. Republican leaders now declare that there are 4,000 of their comrades in Free State prisons who are refusing food. The situation is really serious for the government, as it is feared that if even one prisoner dies the whole country may again be plunged into trouble. President Cosgrave, speaking in front of the old Irish parliament house, said: "If the prisoners were really hunger striking it might be different but there is a lot of bluff about these strikes."

THREE CARS IN COLLISION

Canton, O., Oct. 22.—S. S. Trump, 50, was killed and seven others were injured when three automobiles crashed six miles north of this city. Trump and Sam Harris were driving the machines into which a third car, said to have been driven by Justin Trefsch, crashed when the driver was adjusting his headlights.

KILLED BY AUTO

Cincinnati, O., Oct. 22.—Catherine Klein, 8 years old, was killed yesterday when struck by an automobile. The child was walking with her father, Carl Klein, when hit by a car said to have been driven by Walter Edwards, manufacturer. Her death made the toll of motor car accidents in Hamilton county 105 for 1923.

DIES IN FIRE

Columbus, O., Oct. 22.—Fire of an undetermined origin was responsible for the death of Mrs. Nora Bellamy, 44, at her home here last night. She was found dead in the bathroom, where she had gone after being badly burned by a fire in her bedroom.

CATCHES THIEF BY CLEVER RUSE

Cincinnati, O., Oct. 22.—The ingenuity of Ora Jeffries, manager of a small hotel at 321 West Fifth street, led early yesterday to the capture of a thief. When a card game broke up late Saturday night one of the players missed his watch. Jeffries later found it under a dresser in the room. Believing that the thief would reappear to remove it from its hiding place, he devised a burglar alarm, consisting of a glass tumbler, a tin pan and a spoon. The thief returned, groped under the dresser and caused a clatter by knocking the spoon from the top of the glass to the pan.

THREE ARE DEAD AND TWO DYING AFTER ACCIDENT

Interurban Car Crashes
Into Auto in Cleveland
Sunday Night

Cleveland, O., Oct. 22.—Three persons are dead, two are believed dying today while two are seriously injured the result of a traffic accident last night when a Cleveland and Painesville interurban car plunged through a touring car driven by Rudolph Betzer. The accident occurred at East 185th street, and Glenfield avenue.

The dead are:
Mrs. Rosa Stroth, 37, Euclid village; Joseph Stroth, 14, her son; John Grohse, 22, Euclid village.
The injured: Rudolph Stroth, 19, believed dying; Rudolph Blatz, 22, believed dying; Anna Stroth, 9, and Rudolph Betzer 40, who have a chance to recover.

A police investigation conducted following the accident placed the blame on the driver, who was said to be inexperienced. He was said to have disregarded the interurban's warning signal.

The wreckage of the car was strewn along the right of way for several hundred feet.

COST OF LIVING INCREASE 1.4 P. C.

Washington, Oct. 22.—Although the cost of living in the United States advanced 20.5 per cent from June, 1920, to September, 1923, and 3.5 per cent during the past year, the increase since June of this year is only 1.4 per cent, according to figures made public today by the Department of Labor.

The increases between June and September 1923, range from 0.2 per cent in Kansas City to 2.7 per cent in Boston.

HINTS AT PERJURY IN STOKES DIVORCE HEARING

New York, Oct. 22.—Mrs. Helen Ellwood Stokes, who is fighting the divorce suit brought by her aged millionaire husband, W. E. D. Stokes, indicated that witnesses who have attempted to besmirch her name will face perjury charges as soon as the present trial is over. There is an insistent rumor that Samuel Untermyer, Mrs. Stokes' chief counsel, has demanded an immediate grand jury investigation of the alleged falsifications by witnesses for Stokes.

CIRCULAR HELD SCURRILOUS

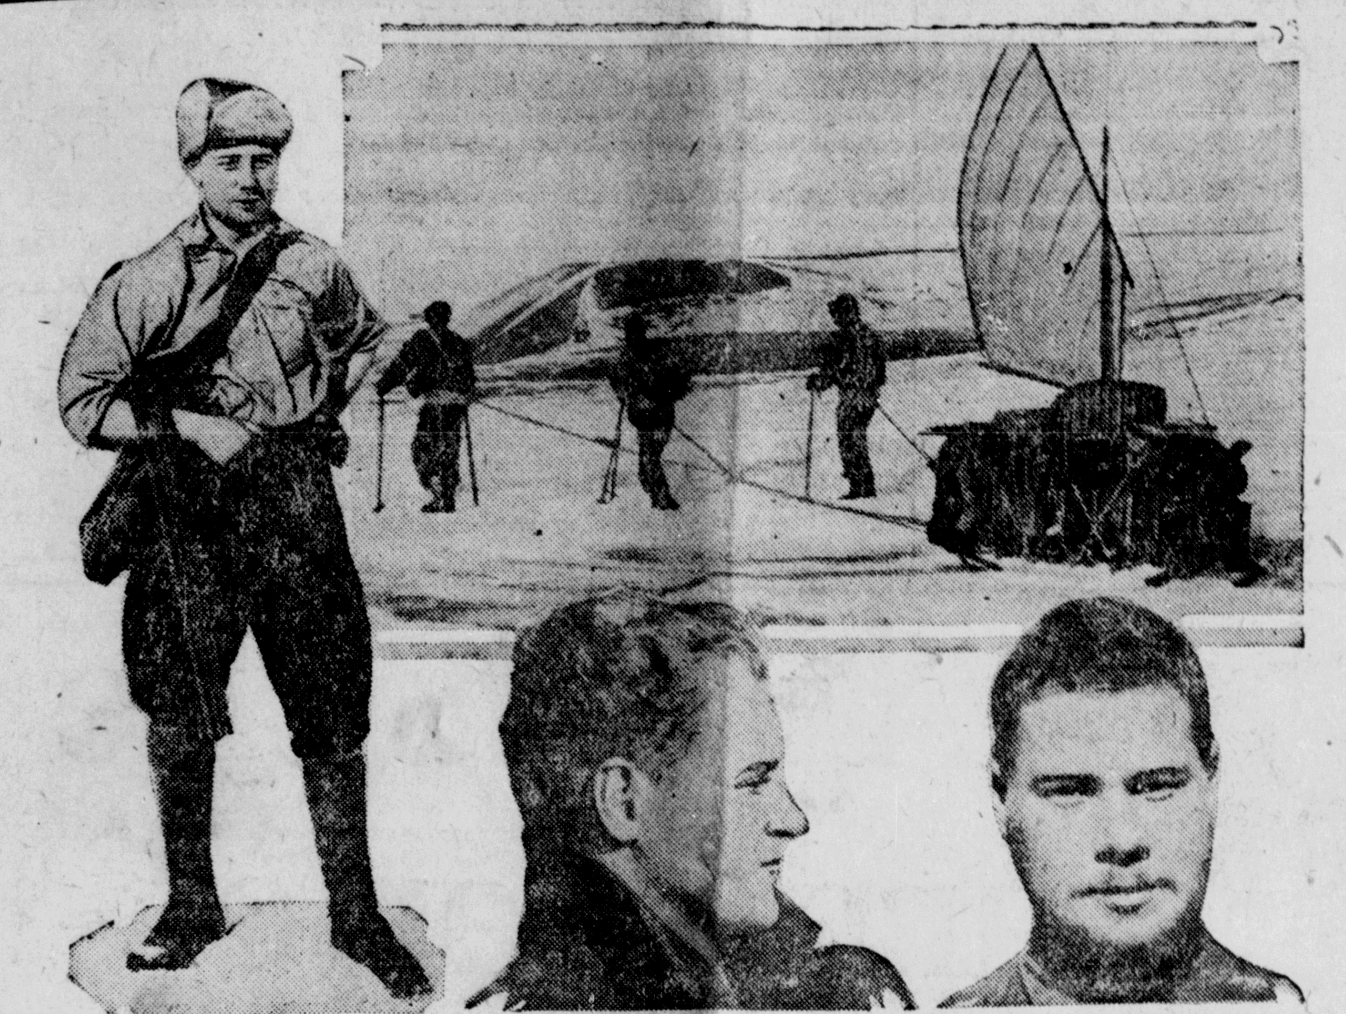

Alliance, O., Oct. 22.—E. L. Walker of Cleveland, brother of Dr. O. C. Walker, who was murdered Sept. 28, 1921, was brought to this city to answer to a charge of being responsible for the distribution of a scurrilous circular in Alliance. The circular attacked Dr. W. H. McMaster, president of Mount Union college and foreman of the special grand jury appointed by Attorney General Crabbe last April to investigate the murder.

BANDIT SHOT

Cleveland, O., Oct. 22.—An unidentified man is in a hospital here with a bullet wound near the heart. He was shot by his companion after the two had held up a restaurant and were making away with the cash box containing about \$100. Police believe the shot was fired to deter pursuit by the restaurant employees and that the bullet went wild.

OXFORD COLLEGE MEN RETURN FROM ARCTIC EXPEDITION AFTER OBTAINING WEALTH OF SCIENTIFIC INFORMATION

F. G. Binney, V. Gundry, A. T. Wilde & Sail Sled

After a thrilling trip to North Eastland, lying northeast of the main Spitzbergen Archipelago, the Merton College Arctic Expedition from the University of Oxford, England, led by F. G. Binney, a 22-year-old student

and the youngest man ever to lead an Arctic expedition, has returned to England. The objectives were topographical work, as well as geology, zoology, botany and ornithology. A great deal of scientific data was obtained. W. Gundry, an

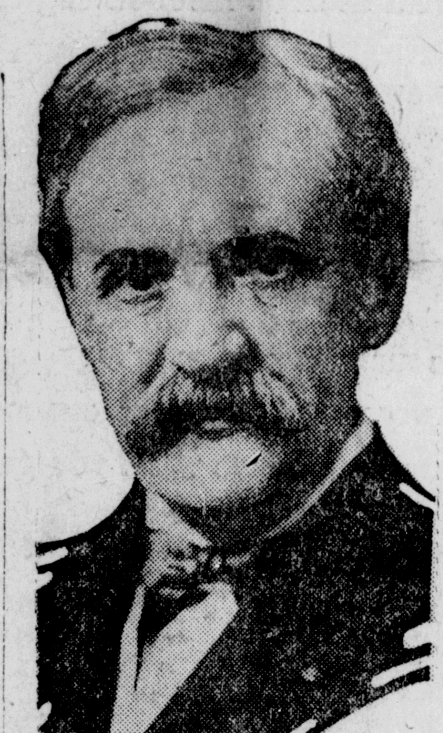

American, whose father is President of the Cleveland O. Trust Company, and A. T. Wilde, the American member of the Oxford champion rowing eight, were on the voyage. Sails were used to move their sleds over the ice.

Senate Revolt Seen As Result of Move To Elect Cummins Presiding Officer

Washington, Oct. 22.—A revolt by the La Follette group of Independent against Republican reorganization of the next Senate may result from a party movement to elect Senator Albert B. Cummins of Iowa, as presiding officer, it was learned today.

The naming of committee memberships and distribution of capitol patronage hang in the balance as La Follette's adherents are counted in the bare Republican majority. The La Follette group protest against the election of Cummins as presiding officer, a long as he continues in the chairmanship of the powerful Interstate Commerce Committee, with its control over railroad legislation.

Cummins, who has been president protem of the senate for four years, is now drawing the \$12,000 salary of the vice president, left vacant by Mr. Coolidge's elevation to the White House. The post, besides

LINER POUNDING TO PIECES ON REEF OFF PROVIDENCE ISLAND

New York, Oct. 22.—The United Fruit Liner San Gil, with passengers on board, is in distress off Providence Island, 150 miles east of Bluefields, Nicaragua, according to two urgent wireless messages picked up today by naval communications here.

The vessel is believed to have struck a reef.

The San Gil left Boston October 14, bound for Havana, Colon and Port Limon.

Several steamers have altered their course and are rushing towards the stricken ship, according to wireless information.

Boston, Mass., Oct. 22.—According to advices received by the local office of the United Fruit Company the steamer San Gil is on a reef off Providence Island, near Colon. Two of the company's steamers are standing by and no fear was felt for the safety of passengers and crew according to Boston officials.

Key West, Fla., Oct. 22.—"We are launching lifeboats" was the report received here today from the United Fruit Steamer San Gil.

The boat bound from Havana to Colon is pounding to pieces on a reef off Providence Island according to messages received here. The steamers Sanbles and Pastores are rushing to the scene of disaster. The Sanbles was due to arrive there in an hour.

WEBB EXONERATED OF RESPONSIBILITY

White Plains, N. Y., Oct. 22.—Charles H. Webb, husband of the late Mrs. Gertrude Gorman Webb, wealthy clubwoman, today was completely exonerated of all responsibility of the death of his wife, in a presentment returned by the Westchester County Grand Jury.

Mrs. Webb died September 25 at the exclusive Westchester-Biltmore country club. Friends and relatives charged that bichloride of mercury had been given her during her illness which caused her death.

DELIVERS ADDRESS TO LOCAL PASTORS

The Rev. Joseph Flacks, converted Jew, who is holding a series of evangelistic meetings at Cedarville, delivered the principal address at the meeting of the Greene County Ministerial Association, held at the First United Presbyterian Church, this city, Monday morning at ten o'clock.

His subject was "Ambassadors," and he dealt with the obligations of the minister as an ambassador and the limits which are placed in their work. He address was well received.

The Rev. Mr. Flacks will again deliver the principal address at the next meeting of the county association next month. He will then be holding a series of meetings at Jamestown. He will give an address at the Second U. P. Church, this city, next Sunday afternoon at three o'clock. The meeting will be for the public.

GAS AND OIL MEN MEET IN ANNUAL CONFERENCE

Columbus, Oct. 22.—The Ohio Gas and Oil Men's association opened its annual convention here today. "Transition from Natural to Manufactured Gas" was the subject of an address by Dana J. Demorest, professor of metallurgy, engineering experiment station, Ohio State university. He told the association what can be done, or must be done, with present equipment when it becomes necessary to supply manufactured gas and how to enrich manufactured gas with the remaining supply of natural gas that may be available.

STOKES IS CALLED TO WITNESS STAND

New York, Oct. 22.—W. E. D. Stokes was called as a witness for his wife today when she began her defense against his suit for divorce. The aged millionaire, seeking to divorce the young and beautiful Helen Ellwood Stokes and obtain the custody of their two children, proved a hostile witness.

Samuel Untermyer, counsel for Mrs. Stokes, tried to question Stokes about the birth of his two children but justice Mahoney would not permit him to answer.

To almost every question Untermyer put to the witness, Max Steur his attorney, shouted objections.

W. T. BEAL FORMER XENIAN IS DEAD

Word has been received here of the death of W. T. Beal, former Xenia resident, which occurred at the home of his daughter, Mrs. George Beal Thomas, in New York City.

Mr. Beal was a veteran of the Civil War, and a member of 54th O. V. I. He has resided in New York for some time. Miss Belle Beal of Linwood, Ohio, is a sister, and a number of other relatives survive.

Funeral services will be held Wednesday morning at ten o'clock, from the McClain funeral parlors on West Main Street, with interment at the Woodland cemetery.

PROCLAIM MARTIAL LAW IN ATHENS

Athens, Oct. 22.—Martial law was proclaimed here today, as a result of agitations of monarchists who are charged with plotting counter revolution against the Gonatas government.

While a warship had been held in readiness over the week end for members of the government, if they decided to flee, they elected to remain and fight. An appeal was issued to the people to remain calm.

BERLIN GOVERNMENT IS IN DANGER; RHINELAND REPUBLIC MOVE SPREADS

Separate State Proclaimed—Bavaria Belligerent Towards Berlin and Threatens Warfare Against Red Saxony—Seek to Settle Crisis.

London, Oct. 22.—The breakup of the German nation under pressure from without and troubles and suffering's from within, is under way today, according to all indications from Berlin.

One or two republics may be created in the Rhineland as a result of the Rhinish republican movement started at Brussels.

Bavaria is at loggerheads with Berlin, Saxony, Baden, Hesse, Thuringia and Wuertemberg and is threatening war. It is possible that Europe may again see Germany split up into separate states, as existed before Prince Bismarck, the "iron chancellor" welded them into one confederation.

Foreign office officials said Great Britain has not yet made any decision regarding the British attitude towards the new Rhinish republic. Great Britain will wait event for the time being, guided by developments.

Berlin, Oct. 22.—Severe fighting took place at Meissen today by reichswehr and communists.

The foundation of the German reich was cracking today, under the strain of secession, hostility between the states, public distress and labor troubles. Up to early afternoon few serious disorders had been reported except from the occupied districts. For the most part the people are apathetic and indifferent.

Berlin, Oct. 22.—The Berlin government was best on two sides to day, being in the most dangerous position since the revolution at the end of the war. Bavaria was belligerent towards Berlin and was threatening warfare against red Saxony, while the Rhineland republic movement was spreading.

Muenchen, Gladbach and Crefeld have joined the Rhinish republican movement.

Feverish attempts are being made to settle the Bavarian crisis amicably, leaving the decision whether Bavaria is right or wrong to the Reichsrat, which is the representative body of all the federal states in Germany.

The reichsrat will meet tomorrow. Bavaria prevented an open break over Sunday by not attempting to wear in, formally, members of the reichswehr. In the meantime the official statements being given out at Munich, while threatening Berlin, indicate that, for the time being, the Bavarians will be content to watch the result of the secessionist movement in the Rhineland.

Paris, Oct. 22.—The Rhineland republic has been proclaimed at Aix la Chapelle and the Rhinish troops are moving on Cologne.

One thousand troops proceeding from Aachen to Dusseldorf have proclaimed a republic at the latter city.

A report from Aachen headquarters states that the republic extends throughout the entire Belgian zone and includes Mayence, Coblenz, Wiesbaden and Duisburg.

While the French occupational forces ostensibly maintained strict impartiality regarding the movement for the new republic, the proclamation could not possibly have been carried out, it is declared here, without the protection of allied bayonets, as only a minority of the Rhineland population favor separation from Germany.

The result will be either anarchy and civil war in Germany, or the constitution of a new "buffer state" like Luxembourg, between France and Germany, with France dominating the Rhine, as Germany before the war dominated Luxembourg.

The Rhinish troops having captured Aix la Chapelle without a shot are now marching on Cologne, which is in the British occupied zone and which is also the headquarters of the anti-separatists.

The Rhineland population, including the people of the Ruhr, it is realized, have been reduced almost to starvation, and may acquiesce peacefully in the creation of a state which has the support of only a small minority. On the other hand, it is recalled, the proclamation of a separate state at Ludwigshafen four years ago survived only four days, although it had French backing. At that time the workmen immediately proclaimed a general strike and forced a withdrawal of those supporting the French plan.

The workmen in the Rhineland are regarded as constituting the most nationalist group within the territory occupied by the allies. Economic conditions have changed since the workers defeated the French designs four years ago, but some protest move against the present proclamation is fully expected.

The proclamation at Aix la Chapelle, it is felt, is certain to aggravate the situation in Bavaria and Saxony. If the Rhineland population and the Berlin government both prove powerless in the face of French domination, developments will strengthen the hands of the separatists in Munich and Dresden.

Aix la Chapelle, Oct. 22.—Two thousand separatists occupied all the municipal buildings here and hoisted the flag of the Rhineland republic. They issued a proclamation forbidding resistance to its authority and threatening penalties for manifestations against the new government. The proclamation also requested the population to be calm. The troops are extending the movement and are getting ready to march southward into the British zone at Cologne, as well as to penetrate further north into the Belgian zone. The proclamation was signed by Deckers and Von Grumbach, who are supposed to be affiliated with Dr. Dorten, who is expected to be proclaimed president of the republic.

Munich, Oct. 22.—War is on between the dictator of north Germany and the dictator of south Germany. The mental attitudes of north and south Germany are so diametrically different on vital domestic issues and foreign policies that an amicable settlement in the abnormal atmosphere is out of the question. Bavaria is determined not to be dictated to by the northern dictator, this being emphasized by a proclamation of Bavarian Dictator Von Kahr following a council of ministers severing the national army in Bavaria from the army of the rest of Germany, creating a "Bavarian reichswehr." As further defiance, Kahr as dictator has appointed Von Lossow, whom Ebert through Stresemann ordered dismissed from the service, as commander of the Bavarian troops. The national army units in Bavaria, probably not exceeding 15,000, has taken the Bavarian oath of allegiance.

COAL ASSOCIATION BRANDS CHARGE OF COMMISSION FALSE

Washington, Oct. 22.—Charges of the U. S. Coal Commission that wholesalers have extracted a profit as high as two hundred per cent from the public during the period 1913-1922, were denounced as "ridiculous and utterly fallacious" by the American Wholesale Coal Association here today.

The commission's report made specific reference to the Wholesale Association, which it charged had advocated an unfair profit standard.

"The commission's profit statement is a deliberate attempt to create the impression throughout the country that wholesalers make an exorbitant profit on the capital invested and devoted to the business, whereas the profit, so-called, is not a profit at all but just a compensation for services rendered to the public and mine owners," Ira Cochran, commissioner of the association, declared.

ANNOUNCE PLANS FOR ELECTION NEWS

Columbus, O., Oct. 22.—Plans for transmission promptly of unofficial returns on election night, November 6, were announced by Secretary of State Brown today. These plans included use of the four blank telegraph forms, to be filled out by the local Boards of Elections. The telegrams are to be transmitted to the office of the secretary of state as follows:

When the first ten precincts have been tallied; at 10 p. m., at midnight and when the last precinct has reported.

Arrangements have been made throughout the state for prompt wire facilities. Secretary Brown said. He has mailed the blank telegraph forms to all the Boards of Election in the state.

The plan is in conformity with a law passed by the last Legislature, sponsored by Ohio newspapers which provided for prompt service and prompt returns.

INVESTIGATIONS NOW NATION-WIDE

St. Louis, Mo., Oct. 22.—With investigations under way today in 17 states the probe of the ramifications of the Missouri Medical Diploma ring exposed by the St. Louis Star last week has become national-wide.

Governors, state boards of health and boards of medical examiners of California, Kansas, Iowa, Michigan, Minnesota, Ohio, Wisconsin, Connecticut, Maryland, and other states today were following Missouri's lead in the inauguration of probes to determine to what extent the "diploma mill" operated in these states.

INVESTIGATION OF FINANCING ASKED

Columbus, O., Oct. 20—Investigation of the financing of the Lima Street Railway Company has been asked of Attorney General Crabbe by the Amalgamated Association of Street and Railway Employees of Lima, according to a letter made public today by the attorney general.

The attorney general said that he is seeking additional information to the rather vague allegations made by the street car men.

"If the law has been violated, or if it is made to appear that there has been any attempt to violate the law, the proper steps will be taken," Attorney General Crabbe said.

The railway employees wrote Attorney General Crabbe claiming that the Lima City Street Railway Company was a "paper company" and said that they were "informed that the president has been authorized to dispose of \$999,000 in stock to innocent investors with no intention of putting the money into bettering the street railway system in Lima."

COURT NEWS

Two Divorce Filed

Anna G. Hurst is plaintiff in an action filed in Common Pleas Court against Blythe Hurst for divorce and custody of the children. The couple was married April 3, 1906, and the plaintiff charges gross neglect of duty in her petition for divorce from Ray Pennington filed with Clerk of Courts Harvey Elam. The Penningtons were married May 5, 1921. There are no children.

Ditch Causes Strife

A spring branch or ditch is the bone of contention which led to the courts with the filing of an action with Harvey Elam, clerk of courts, by E. S. Keiter and Maude D. Keiter, against Russel Schultz and Gertrude Schultz. The plaintiffs and defendants own adjoining farms on the Shakertown pike, Beavercreek Township, a lane between the farms running back to the rear of each and used jointly. The ditch in question is east of the lane,

and empties into the Stafford ditch which crosses both property. The petition declares the defendants have cleaned out the ditch, piling dirt in places two or three feet high and also permitting willows to grow on the east bank, so that in flood times the water flows over the west bank and out on the lane, damaging the lane making it impassable, soft and muddy. The plaintiffs allege they have requested the defendants to remedy this and they have refused. The petition further charges the stream is wearing a new channel and threatens to undermine the line fence and encroach on the lane. The plaintiffs ask mandatory injunction requiring the defendant to remove the dirt and willows on the east bank. Miller and Finney are attorneys for the plaintiff.

Partition Suit Filed

C. H. Kyle, as guardian of estate of Frederick T. Schell, a minor, has filed suit in Common Pleas Court against Nellie T. Schell asking for partition of property in which the plaintiff's ward as a legatee under the will of Fred J. H. Schell, claims a one half interest.

GUARDIANS NAMED

C. H. Kyle has been appointed guardian of the estate of Frederick T. Schell, aged 18, in Probate Court and furnished \$6,000 bond. H. H. Smith has been named guardian of the estate of Helen Ann Smith, aged 16, and furnished \$3,000 bond in Probate Court.

HALLOWEEN PARTY AT COUNTRY HOME.

Miss Martha Johnson delightfully entertained a party of friends at her country home on the Cincinnati pike, Thursday evening.

The decorations carried out the spirit of the Halloween season and the guests spent a pleasant evening with games and music.

The guests were then invited to the dining room, dimly lighted with pumpkin faces and Halloween jack lanterns, where a dainty refreshment course was served by two Indian girls. The guests spent the remainder of the evening toasting marshmallows in the old-fashioned fire place.

Those who took part in the evening's festivities were the Misses Flora and Martha Beam, Alma Mendenhall, Anna Satterthwaite, Mildred Edwards, Lenna Beam and Martha Johnson and Messrs. Delmer Compson, Winfred Morgan, Alan Mendenhall, George Satterthwaite, Thomas Donklyn, John Kinney, Laurence Ames, Edwin Kinney, and Ernest Smith.

The Pension Law and Taxes

Considerable agitation has been aroused, both pro and con, over the proposed Old Age Pension Law for Ohio, which will be voted on at the polls on November 6th. Sponsored by the Ohio Federation of Labor and the Fraternal Order of Eagles, the proposed Law was drawn in the summer of 1922, by these organizations which circulated initiative petitions to have the measure introduced and acted upon during the last session of the General Assembly. The bill was referred to the Committee on State and Economic Betterment and no further action was taken upon it.

In a case of this sort, supporters of a proposal can bring it to a vote by securing an additional three per cent of the voters' signatures, and, if carried at the election, will become a law regardless of further action of the Legislature. This, the backers of the proposition have done, with the result that the question will appear on the ballots for a "yes" or "no" vote next month.

The statement of the proposed law as set forth on the petitions reads as follows:

"To provide for the payment by the state of pensions to citizens who have reached the full age of 65 years, and resided in the state not less than fifteen years in such sum as to assure an income of not less than \$350 per annum to persons who make application for the same and come within certain prescribed conditions; and to create a State Pension Commission and county boards of welfare to have charge of the administration of said proposed law."

Requirements as to character: That the applicant has not been in prison four months or more for a period of ten years preceding date of application that "Claimant" shall not have deserted wife (or husband) "for a period of six months or upwards during a period of 15 years preceding application; that applicant has not within the year, accepted public charity, or been a professional tramp or beggar.

The financial requirement is that applicant shall possess less than \$2500.

The Ohio Board of Commerce, which is fighting the proposed bill declares that the measure should be opposed for two reasons: "1. It will add millions and increasing millions to the tax rolls of Ohio to be paid by the already overtaxed citizenship a large proportion of whom have no better opportunities for accumulating property, than the candidates for the proposed pension.

"2. It establishes a principal detrimental to the beneficiaries of the proposed law in that its establishment will tend to do away with personal savings permitting thousands of our citizens to become wards of the state and to rear their children with the same ultimate refuge in view."

The Unfading Leaf—Psalm 1—8.

"His leaf also shall not wither."

I think this is one of the richest promises in all the glorious treasury of grace. What is this living word but a promise that those who wait upon the Lord are not to lose their youthfulness as they grow older, but are to retain it to the end of their days. For the leaf is the youngest thing in the woodland. It is the prelude of all the pomp of summer glory. It is the symbol of hope and to pledge of harvest and autumnal glory. And it is this sweet, fresh, beautiful thing which is laid hold of in the word of God, to express the permanent youthfulness of a life that is steadily resting in the Lord. It has something corresponding to the green leaf, and however many may be its years, when they are counted in the register of birth, the green leaf is never to wither away.

Now what are some of the green leaves in human life? Well, of all, there is love itself, the most exquisite leaf in all the fairy woodland of childhood. Childlike love is a very tender thing and very gentle, and it is as fragrant as any incense that rises from the altar of the most rapt and adoring saint. And another leaf of childhood is trustfulness. An then there is the leaf of hope. Hoop fresh and lusty is leaf of hope in the garden of childhood!

There are many other leaves which might be named, but these shall stand as samples of all the rest. And now this, the wonderful promise that, when we are resting in the Lord, all these lovely childlike things remain with us. They are part and parcel of us, even as we grow older and after we have grown old.

Rev. J. H. Jowett

In these days of withering, fading and falling leaves, what could be more appropriate than Dr. Jowett's beautiful words above.

Today's Talk

HE LOOKED AT THE TOP

In reading the wonderful story of an immigrant boy who came to America, and who later rose to one of the powerful figures in the country, I noted one sentence that greatly impressed me.

"He looked at the top," wrote the one who told that absorbing story.

And that was the secret of the success of that immigrant boy.

I remember the story of a boy who had the ambition to carve his name above all others upon the sides of the great Natural Bridge in Virginia. You probably read the same story in one of your first school readers, for that is where I read it.

Cutting notches in the rock for his hands and feet, higher and higher he climbed. Little by little he passed name after name that others carved before him.

But he would not give up. His

name must be carved above them all.

Below stood those who were near and dear to him. His mother and father, sisters and brothers, and well wishing friends.

Higher and higher he climbed! Dizzier became the height. Further became the distance below—but shorter the distance to the top.

"Don't look down! Don't look down! Keep your eyes toward the top!" came the cries of those below.

Finally he found his spot and carved his name above them all. His strength was nearly gone, but as his last efforts cut the name secure, he was pulled to safety. He had won. He did not look down.

He had put his name above them all. He looked at the top.

And that is what you may do. Success is yours if you do.

"He looked at the top." You may look at the top!

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It is very easily prepared, and there is nothing better for coughs. Into a pint bottle, put 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membrane in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and disappear. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Vigorous Old Age

WHY separate youth and old age with a deep and ever-widening abyss?

The bloom of youth and the hardy, ruddy glow of Old Age—sixteen and sixty—should be separated only by the span of years and not by varying differences of physical wholesomeness.

Vigorous old age is within the grasp of all. S. S. S. brings that hale and hearty feeling back with a rush. Rich red blood is the greatest enemy of weakening, health undermining Old Age. S. S. S. builds Red Blood Cells. Rich, red blood coursing through your veins sweeps away impurities that retard the proper functioning of your system. Old Age—once a dreaded agony becomes a vigorous, enjoyable, care free time of life.

S. S. S. is made of carefully selected herbs and barks—scientifically prepared and proportioned. Welcome Old Age when it comes. Be ready to withstand the attacks of diseases that follow in its wake. Meet Old Age with a hearty handshake. A handshake that speaks of well being—of a vigorous, clear thinking, red blooded constitution. S. S. S. is your best friend when Old Age is seen rounding the corner. Get a bottle and drive care and worry away. All leading drug stores carry it.

The large size is the more economical.

MONEY AT WORK

Brief but Important Lessons in Finance, Markets, Stocks, Bonds and Investments

The difference between an ordinary sale and a short sale is mainly a difference in time of delivery.

Short selling is merely contracting

A SHORT SALE

TAILOR IS SHORT UNTIL SUIT IS MADE

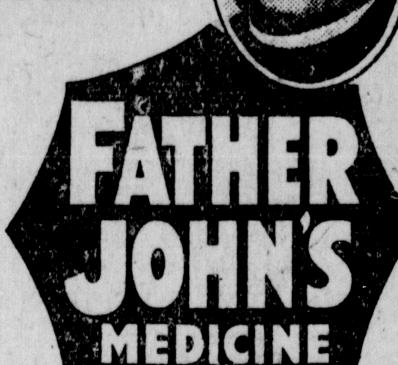

to sell something which you do not have at the time of the sale. A tailor sells short when he agrees to make a suit of clothes. He has no suit and

must make one or otherwise obtain one before he can make delivery.

In stock market operations it is necessary to deliver the stock by 2 p. m. on the day following the making of the short sale. Hence whenever a short sale of stock is made, the seller borrows it from a third party and delivers the stock to the buyer. Later, the borrower must go into the market and buy the same kind of stock again in order to return what he has borrowed.

Just how this operation is carried out will be explained here tomorrow.

XENIA HIGH DROPS ANOTHER LOSING TO GREENVILLE HIGH

Playing a team admittedly inferior to West Milton High School, the Xenia Central High eleven sunk deeper into the mire of oblivion Saturday by losing to Greenville High at Greenville, 39 to 0.

Although the blue and white pastimes admitted that Greenville did not possess the quality of the West Milton eleven which twice defeated Xenia this season, they were more utterly helpless against the Darke County aggregation than in the two games with West Milton. With the hard games of the schedule now looming up, and with special plans underway to dedicate new Cox Memorial Athletic Field, fans are hoping for a rejuvenation of the eleven for the second half of the season. If the team does not improve, it promises to be the most monumental flop in the history of grizzly activities at Central High, rendered more noticeable on the heels of two championship eleven.

EAST SIDE ELEVEN

WINS FROM DAYTON

The East Side Athletic Club football team made its debut at Dickerson Park, Sunday afternoon, defeating the Dayton Americans, formerly known as the K. K. K. eleven 7 to 0 in a well played game.

The contest marked the inauguration of football in the east end, and the East Side aggregation got away on the right foot as the first independent colored eleven ever organized in the city. Only part of the new uniforms ordered for the team arrived in time to be used, disappointing the players, who expect to break out in the new outfits next Sunday.

The teams were evenly matched and the lone tally offered the only break in the game. Coleman, former Wilberforce University star, sparked in the backfield for the East End crowd and his plunges ripped the visiting line time and again. Coleman made the only touchdown of the game in the third quarter, after the half had ended nothing to nothing and he goaled a 15-yard place kick for the point after touchdown.

"Red" Anderson, of erstwhile basketball fame, piloted the East Side aggregation well. Fred Borden played a snappy game at full back, plunging well and furnishing the thrill of the afternoon by intercepting a forward pass. He served as acting captain of the team. Others of the pastimes also showed up well. Allen Borden was a tower of defense on the line, while Buford was in every play and Harris and Vaughn starred at the lanks.

The East Side Club will practice Tuesday night at Water Tower Park in preparation for its game next Sunday with the Wyoming Merchants of Dayton at Dickerson Park. The lineup and summary.

BARBERS CONTINUE WINNING STREAK BY DEFEATING ST. PAUL

The K. 4. A. football team of Xenia continued its winning streak at the expense of the St. Paul A. C. team of Dayton Sunday afternoon at Washington Park, the score being 18 to 0.

The teams were about evenly matched but the locals outsmarted the Dayton tribe who never made a single first down while the locals were negotiating. The St. Paul outfit tried one line buck and resorted to many forward passes, only one of them working for a gain of seven yards. The secondary defense of the locals knocked down all of the attempted passes of the Dayton outfit while the K. 4. A. line-men charged in and rushed the passer time and time again.

Captain Lealey won the toss and choose to receive. After the kick-off Roach made 12 yards around right end. Heery picked up two through center and on the next play the locals fumbled and the visitors recovered. Steinbram punted to E. Lealey who returned the ball to Xenia's 40. Heery and Neville made it first down. Roach failed to gain and the locals lost the ball later on downs. Cowan threw McGowan for a loss and on the next play the

visitors fumbled, Purdom recovering the ball for the locals. E. Lealey and Heery made it first down on Xenia's 20. Neville made 5, Roach 3, and Gene Lealey made it first down as the quarter ended.

Xenia was penalized 5 yards for offside. Purdom was thrown for 19 yard loss on an end run. Pass was incomplete and after several bucks the barbers lost the ball on downs. Steinbram's punt was blocked and Purdom fell on the ball for the locals first touchdown. Roach failed at goal.

Xenia kicked off to Dayton and Clark was downed on the 40. The St. Paul team then tried three passes but none of them were completed. After Steinbram punted the half ended.

Roach kicked to McGowan who was in midfield. Dayton was penalized 10 yards twice for having its backfield in motion. Lucas threw McGowan for a loss. Two passes were tried but both failed and Steinbram punted to Gene Lealey who ran the ball back 12 yards to Xenia's own 40. A pass was incomplete. Heery made 5 through center. Neville picked up one and E. Lealey added one. Heery failed to gain and the ball went to the St. Paul outfit.

The visitors once more tried to gain by the aerial game without avail. Dayton punted out of danger. Lucas and Neville made 13 yards in two plays. Purdom circled end for

6 and Roach made it first down. Foley and Gene Lealey plowed the line for another first down. Heery made 5 on an off tackle play. Roach picked up 4 through center. E. Lealey sneaked and made it first down as the third quarter closed. Lucas was called back and made 5 yards through guard on the first play of the last period. Heery made 2 and Lucas added the same number while Neville made it first down for Xenia on the 3 yard line. Heery could get but one but on the next play he went over for another six points bringing the total to 12. Purdom failed to drop kick the ball over the goal.

After Roach kicked off Dayton was penalized 5 yards for off side. The St. Paul aggregation made their only gain during the entire game when Herbert tossed a pass to Fisher who advanced about three yards and was downed. They lost the ball on down. McFadden and Roach made eight and Roach then punted to Clark. Frank Lealey and Lucas broke up two of the visitors' passes. Steinbram punted to Roach who with perfect interference ran 68 yards for a touchdown. Lucas spilled four of the Dayton men who were after Roach. The dash was the feature of the game. Roach failed at goal and the scoring was over.

Lucas played a fine game for the winners. He was in every play. Purdom and Cowan also looked good at the ends. F. Lealey at center opened some big holes or the K.4.A. backfield men.

Heery, Neville, Roach and Gene Lealey made most of the gains for the locals. The game was marked by quite a bit of fumbling on both sides. The K.4.A. team will practice at 7:30 Tuesday evening at the usual place. All players are expected to be there. The K.4.A.'s will play at Washington park again next Sunday.

BURGNER PERFORMS WITH DAYTON TEAM

Coach Earl Burgner of Central High School played quarterback part of the game Sunday for the Dayton Triangles in which the Dayton team lost to the Toledo Maroons at Toledo, 6 to 3. Burgner replaced Abbott, the Syracuse quarterback. Hathaway's field goal gave Dayton a lead made more imposing as the contest progressed until the Maroons unleashed a diving attack late in the game that enabled "Cowboy" Hill to score the only touchdown of the game.

OSBORN INDIANS LOSE TO KOORS 29

The Osborn Indians, hitherto undefeated, lost to the Koors 29 team of Dayton at Dayton Sunday by the score of 18 to 0. The Dayton team outplayed the GreeneCountians all the way, carrying the battle into the Indians' territory with Johnny Mahrt, former University of Dayton star leading the way. Big Bill Ward, former Middletown Miami star, was the chief offensive and defensive star of the losers. The Indians will play a Dayton team here next Sunday.

ZEV BEATING ENGLISH COLT PAPYRUS

Zev beats Papyrus.

New York, Oct. 22.—Preliminary developments of the great Zev-Papyrus match race, its hoofbeats still echoing up and down Broadway's tall, slim canyons, are these, to wit:

1 The probability that Zev and My Own, leading contender for the

three year old championship, will meet, either in the revival of the Washington handicap at Laurel, on Saturday, or in the Latonia championship, the week following.

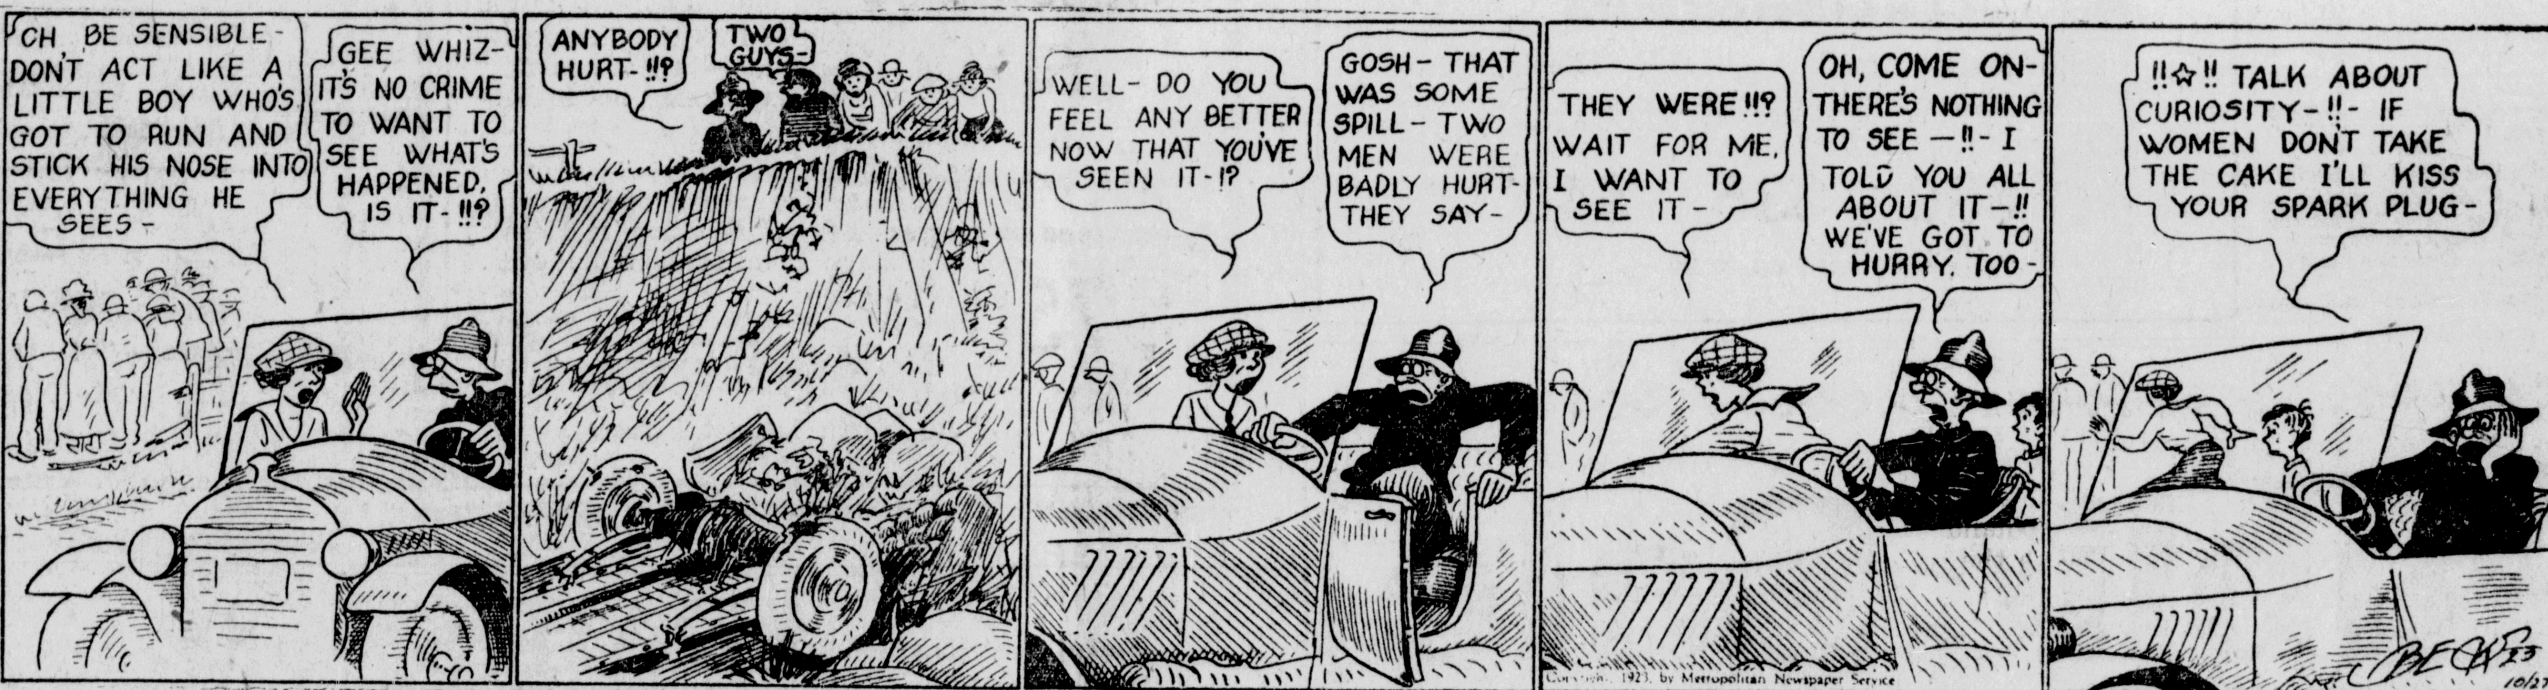

2 The possibility that the two colts will race it out in a match at

fair at one of the Maryland tracks before the end of the season.

3 Intimation by Harry Sinclair, owner of Zev, that the colt may be shipped to England in 1924 for races there, a gesture of courtesy toward Ben Irish and the visiting Papyrus.

WOULD SQUEEZE MORE MONEY OUT OF BUTTER; BULLETIN TELLS HOW TO DO IT

"Dairymen who produce Grade 1 cream will realize about 10 cents more on each pound of butter than dairymen who do not. Each Ohio cow that produces 300 pounds of butter a year, with her product handled so that it will be sold as Grade 1 cream, will make approximately \$30 extra profit each year for her owner."

So writes Ivan McKellip, extension specialist in dairying, in "Caring for cream on the farm," a bulletin now on the presses at the Ohio State University and available to the public in about two weeks. A card to the publications department, College of Agriculture, will obtain this bulletin without charge.

Thirteen rules are set down for those who want to produce this high grade cream and so increase their profits. Use a metal, not a wooden ladle in stirring cream, one rule reads, since the wooden implement absorbs some of the cream, quickly and foul odors, and passes these on to the cream. Again, never mix warm and cold cream, if you would keep it fresh for any length of time.

These and other suggestions are fully explained in the bulletin.

"This Soviet (American Scientists) of 11,000 men at the most assumes to take charge of our thinking and to tell the 100,000,000 what is true and what is not true. Most of them started with a belief in God but lost it following the hypotheses of science."—William Jennings Bryan.

"The American is the best fed, housed and happiest workmen in the world. He has freedom of speech and the press and the right to quit work whenever he wants to. Those who are agitating for another form of government in America have nothing to offer the American workman. Russia, with its 140,000,000 people is controlled by 600,000 Communists and their supporters."—James J. Davis, secretary of labor.

"Once a German changed his collar every day! he disinfected himself thoroughly if he took a trip to the Balkan wilderness and turned up his nose at France's bathroomless dwellings, while permitting himself to lie in an oriental bed only with the greatest misgivings. We were the better humanity. In those days Berlin was the cleanest city in the world. Her asphalt was so white and clean that one could eat his dinner from it. Today we advise against such an experiment. Cleanliness is gone—from within and without. It has disappeared from business life and politics as well."—Deutsche Allgemeine Zeitung.

Seven reasons are given for variations in cream tests, and accompanying each is an explanation designed to help the dairymen avoid these variations. A properly constructed cooling tank is described and drawn in detail. The floor plan of an inexpensive dairy house, 20 by 10 feet, is also included.

The Greene County Farm Bureau will secure several hundred of the bulletins, since the sales are of special interest, since Greene County produces in the neighborhood of one million pounds of butter annually, amounting to about a quarter million dollars.

Anything that could be done to increase the grade or quality of the cream produced locally will have a large effect on the selling profit to the farmers, according to County

Agent Ford S. Prince. In the past all cream was sold for one price, good bringing no more than poor cream. With co-operative marketing on a firm foundation, the time is almost here when cream will be sold on its merits, Mr. Prince declares.

This means that the careful farmer will receive more money per pound for butter fat than the slovenly one, who takes little or no care for the product while on the farm.

The Southwestern Sales Company, a cream marketing organization, operating in Brown, Clermont, Highland, and Adams, counties, is buying and selling cream on grade alone.

When a style or a patent runs out Prices come down

Have you noticed all the low priced overcoats this fall? Caused by the fact that the Overcoat business was pretty low last year.

These 1922 carry overs are reduced in cost because styles were reduced in circumstances when these new models made their appearance.

You don't want a coat that the moth balls have given up as a bad job.

It's worth the little difference to get a new one—and you'll say so when you see the difference.

EXCHANGE BASEMENT

The idea and reason for the department is this: There is hardly a home in Xenia, or hereabouts where there is not at least one old piece of furniture that the owner would like to exchange for new, providing the old piece or pieces would be accepted as part payment on new furniture. Many would like to exchange an old sideboard for a modern buffet; some an old cupboard for a new kitchen cabinet; a couch for a late design davenport; an old-fashioned oak dining room or bedroom suite for a modern walnut suite; an old style range for the modern combination coal-and-gas; a dining table for a new and larger one—and so on.

OUR PLAN IS THIS

If you have anything at all that you would like to trade in as part payment on new furniture of any kind, come to our store and select whatever new article or articles, you wish. If you find that we have just what you want, and our price is satisfactory to you, we will then send a man out to look at the piece or pieces you wish to trade in. He will tell you the exact amount we can allow for your used furniture and if this amount is satisfactory to you, you can have him send out the new article or articles you selected and send back the old.

Understand, please, that we do not buy used furniture, but only accept it as part payment on new to be selected. Nor do we send out to make a price on old furniture unless you have already found something to please you in our store.

PLEASE BEAR THIS IN MIND

None of the used furniture, stoves or floor coverings will be placed on sale again on our regular display floors. Instead it is placed in a special department which we have called Adairs' Exchange Basement. It will there be offered for sale to people who will be glad of the opportunity to buy this kind

of furniture at the prices it will be offered at. HERE'S THE OPPORTUNITY THEN

You have possibly wanted some of the nice furniture you have been admiring. You've been wanting to get rid of some of the old-fashioned pieces you have—possibly some of them not as comfortable as they might be. You have wanted to brighten up your home. Adairs suggest the way. "Don't"—you don't need to—get along the rest of your life with furniture that does not please you. Let us know what you would like to get rid of and what you would like to have in new—and we will not only do the rest but do it in such satisfactory manner that you will become one of Adairs thousands of friends.

HOLD FALL RALLY OF YOUNG PEOPLE'S EPISCOPAL SOCIETY

The fall rally of the Episcopal Young People's Society of the Dayton district, was held Sunday afternoon and evening at Christ Episcopal Church, this city. Seventy-five delegates from out of town attended.

In the afternoon meeting, of which Miss Sabina Ross, president of the local society, was chairman, ways and methods of conducting a society were discussed. The Rev. Maurice Clark, of Columbus, delivered an address, which was followed by a demonstration meeting conducted by the Society from the Church of Heavenly Rest Springfield.

The sessions closed with a devotional address delivered by Rev. E. M. Tasman rector of Christ Church, Springfield. Supper was then served in the Parish house, which was decked in Hallowe'en decorations by the women of the local church. Dayton was elected for the spring rally next May.

B. W. ANDERSON, 70 DIES ON SUNDAY

B. W. Anderson, 70, prominent farmer of Cedarville, died at his home, on North Street, in that village, Sunday night at 10:15 o'clock, following a sudden stroke of apoplexy. Mr. Anderson suffered a slight stroke, about eight years ago, and was in good health until the second attack, Sunday.

Mr. Anderson had resided in Cedarville three years in August, living before that time on a farm between Cedarville and Clifton.

He is survived by his wife, who was formerly Miss Alice McHaddon, of Clifton; two children, Mac Anderson, who lives on a farm near Cedarville, and Bruce Anderson, of Dayton. One sister, Mrs. O. D. Estel, of Springfield also, survives. Mr. Anderson would have been 71 years of age the first of January. He was a member of the United Presbyterian faith.

Funeral services will be held Wednesday afternoon at two o'clock, from the late residence in Cedarville, with interment at the Clifton cemetery.

JAMESTOWN

The relatives and friends of Mrs. David Stethem, of near Xenia, called with well filled baskets and gifts at her home, Sunday, and pleasantly reminded her of her birthday.

Those present were, Mr. Fred Iles and family; Mr. William Linton and family; Mr. William Clemens and family; Mr. Owens Clemens and family; Mr. Jennie Horner and family; Mr. Tom Seeslar and family; Mr. and Mrs. Harold Hoover.

BRINGING UP FATHER

WILBERFORCE

Bishop B. F. Lee, Senior Bishop of the A. M. E. Church, returned October 10th from an extensive trip to the West. He has the Episcopal jurisdiction of the western states of Utah, Idaho, British Columbia, Montana, Washington and California, and it was to visit in this field and hold the annual conferences that Bishop Lee left Xenia on August 23rd, to visit before he saw that city again, eighteen different churches in almost as many cities of the Pacific Coast.

He reports that the colored people of the West are thriving. Los Angeles has in her large Negro population, many Xenia colored citizens who are prospering. The Los Angeles church in which the California Conference held its sessions had full houses through the day and night meetings, though the church's capacity is between two and three thousand.

Before holding the California Conference, Bishop Lee had met the Puget Sound Conference in Spokane, Washington. He was the founder of this conference thirty one years ago. Indeed, it is significant that Bishop Lee—for he told the men that he was "graduating" from their service voluntarily after all these years of labor in the church—should close his activities in the same conference in which he gave his first service in 1892. He started and is ending his Episcopacy with the vast West, where he has friends who have grown with the west and know him from his first visit.

In the Puget Sound Conference, Bishop Lee collected for Wilberforce University \$320.00, sent on by Secretary Johnson, and from the California Conference, closing Sept. 30th, Bishop Lee sent \$310.00 to Wilberforce, making a total of \$630 from the two conferences sent to Bishop Joshua H. Jones to aid him in his campaign for Shorter Hall.

MRS. ISABELLE MOSS SUCCUMBS SUNDAY

Mrs. Isabelle Moss, 53, wife of Lewis F. Moss, died at her home, 25 Locust Street, Sunday afternoon at 2:10 o'clock. Mrs. Moss had been suffering for the past four months, her condition being serious since last February, from cancer of the throat.

She was born in Caesar Creek Township, August 19, 1869. Her marriage to Mr. Moss took place 29 years ago Sunday. Her husband and three children, Mrs. Nora Huston, of Xenia; William B. Crabbe, of Dayton, and Mrs. Rose Smith of Rattelford, Kentucky, survive, with one brother, Robert Stafford, of Caesar Creek Township, and one sister, Mrs. Eliza Symonds, of Sidney, Ohio.

Mrs. Moss was a member of the Baptist faith, and was affiliated with the local Degree of Pocahontas, and Daughters of America Lodges.

Friends will meet at the late home Tuesday afternoon at one o'clock, and at one-thirty, at the K. K. K. tabernacle, for services. Interment will be made at Spring Valley. Friends may call at the residence at any time, Monday evening.

INJURED IN AUTO CRASH ON SUNDAY

Miss Lucile Chambliss, daughter of Mr. and Mrs. William Chambliss, of West Second Street, received deep cuts about the head and face, and severe bruises, Sunday night at 10:45 o'clock, when the Ford coupe in which she was riding with Kenneth Elliott, of Xenia, was struck by another machine at Third and Jefferson streets, Dayton, Elliott, who was driving his automobile west on Third Street, was unhurt.

The other car, driven by Nicholas Penant of Springfield, was going north on Jefferson street, when the accident happened.

Broken windshield glass in flied a deep cut on Miss Chambliss' face. No one else was injured. Miss Chambliss was taken to Miami Valley Hospital, where relatives were called. Both automobiles were badly damaged.

Miss Chambliss is employed in the office of Dr. G. W. Kuhn in the Kingsbury building.

FATAL SHOOTING AFFRAY

Akron, O., Oct. 22.—M. M. (Slim) Webb, 42, a race horse trainer of Clinton, Mo., is under arrest here and Peter S. Callen of Toronto and F. W. Gerhardt of Detroit, race track judges, are fatally wounded as the result of a shooting affray in the lobby of the Portage hotel. The shooting was the climax of a quarrel between the trainer and the judges, which came after Webb was suspended on charges of "fixing" a race at Northampton park.

A WIFE'S STORY

By Jane Phelps

A SECOND VISIT FROM THE REV. ENUE AGENTS

Chapter LIX

Joan did not come down to breakfast, and I took a tray up to her. She was awake, but restless, nervous under my gaze.

"Don't turn away from me dear. I love you always," I told her as I kissed her. Then I brought a basin of cold water and bathed her face and head, before I gave her the strong coffee I had prepared.

"You are awfully good to me," she said with averted face.

"Why shouldn't I be? I'm your mother, I brought you into the world, didn't I? And—"

"Oh, how I wish you hadn't!" Her tortured cry interrupted me.

"Don't say that, Joan. What should I do if it were not for my two girls?"

"Laura is good, good. It is easy for her to be good, but it's never been easy for me. I've always wanted to do the wrong things, sometimes the wicked things. And, well, now it doesn't make any difference what I do."

Thinking Joan referred to Paul's bootlegging I tried to comfort her by telling her that he would certainly give it up when he knew his danger, and how terribly we felt about it.

"You know he won't give it up as long as there is easy money in it," she returned. "And it makes no difference to me now whether he gives it up or not. Nothing can hurt me any more."

"What a way for a 17 year old girl to talk," I said lightly. "You haven't commenced to live. I am going to let you visit my people until this thing is adjusted. You will love them, and get healthy and rosy again." Joan had been without appetite and was beginning to show the effects of sleeplessness and lack of nourishment.

"I won't go, Mother, don't plan for it."

She spoke so decidedly that I made no effort to argue with her, but waited until she had drunk her coffee, nibbled at a bit of toast. Then I drew the shades and left her in the darkened room to rest.

The day dragged wearily on. Joan came down in the afternoon, pale and quiet, but twitching with nervousness. When I asked her if she would like me to take a walk with her she said: "No, I want to be alone! Please don't bother me." Impulsively adding after a moment: "I know that sounds horrid. Mother, but if any one speaks to me I shall scream."

"Very well, Joan. No one shall," I replied, turning to hide the tears that came into my eyes.

"That stuff I had last night was rank poison," she spoke again. "I hope Dad isn't feeding his clientele on such stuff," and her hands to her head. She went out. I watched until I saw her go into the summer house then turned again to my work; only by keeping busy could I stand the strain I was under.

That night I watched again, but when at midnight I started for bed I heard a sound that made me hurry to the side of the house where I could see the garage. Surely I had heard voices. Perhaps Paul had returned.

The window was open and I could hear distinctly. In the half light between the house and the garage, I thought I recognized one of the Revenue Agents who had searched the house.

"I'm sure its here somewhere," this man said.

"But you say you searched the premises thoroughly," came the answer. "We did. But these bootleggers are

damned clever. Let's have another look at the garage. He may have a cache under the floor or somewhere." They disappeared into the garage.

Breathlessly I watched for their reappearance. Would they find anything? Someway I had an idea if nothing was found on the place, they could do nothing to hurt Paul. So when they emerged growling because of their fruitless search, I was immensely relieved and, after watching them leave in a car, parked by the side of the road, I sought my much needed rest.

It was 10 o'clock when I awoke to find Joan, pale and ill looking, by my bed with a tempting breakfast for me. "Turn about is fair play," she said, and, laughing a little, she insisted upon doing for me just what I did for her. She bathed my face and hands, then let me have my tray, making me promise I would eat in bed.

Many times the thought of her as she was that morning has brought me comfort.

PINCHOT ISSUES
STATEMENT ON
U. S. DRY LAWS

Points Out How Illegal
Liquor Selling May Be
Checked

Washington, Oct. 22.—Governor Pinchot of Pennsylvania, whose unexpected silence featured the white house conference of governors, spoke his mind in a formal statement placing upon the federal government the burden of responsibility for prohibition enforcement.

Mr. Pinchot in effect reiterated the position taken publicly a week ago, when he placed the enforcement problem squarely upon the shoulders of President Coolidge.

The governor asserted that the president's conference Saturday failed to discuss the practical details of how to enforce the law. He then pointed out how, in his opinion, the selling of illegal domestic liquor can be dried up, adding that "the present orgy of lawlessness is utterly unnecessary." His statement continued:

"The main sources of the present flood of illegal drink are breweries, alcohol producing plants, liquor in bond and smuggling. Smuggling can be dealt with only by the national government. It is a problem by itself. Breweries and alcohol producing plants can not operate or deliver their products except under federal permit, while liquor in bond is wholly controlled as to its safe-keeping, transportation and release by federal permits.

"In the matter of permits the federal government, as Commissioner Haynes well says, is solely responsible and the states can not help. If the federal government would write into each of its permits to manufacture, transport, store or utilize alcoholic liquors certain simple conditions, it would make law-breaking so difficult as to be practically impossible under anything short of actual collusion between law-breakers and the enforcement officials.

"I do not suggest that Pennsylvania or any other state should be relieved of any part of its duty in law enforcement, but the states should not be compelled to pick up the bird shot scattered all over the floor by the failure of the federal government to check the flood of illegal liquor at its source.

"When the federal government uses its power over permits as here suggested, when it takes the enforcement service out of politics and raises it to a higher level, the flood of illegal liquor will be stopped at the source, and the whisky rebellion will be over."

Among the conditions which Mr. Pinchot would have written into the permits are: Revocation of the permit when the permittee is caught violating the law; supervision of manufacture and access to all parts of the plant day or night by state and national enforcement officers; products to be shipped only at specified times and only after inspection and stamping at the plant.

FOUR THOURAND IRISH
PRISONERS REFUSE FOOD

Dublin, Oct. 22.—From Mountjoy prison where 400 republican prisoners have been reported as hunger strikers, the hunger-striking has now spread to many other prisons where the Free State government is detaining captured irregulars. Republican leaders now declare that there are 4,000 of their comrades in Free State prisons who are refusing food. The situation is really serious for the government, as it is feared that if even one prisoner dies the whole country may again be plunged into trouble. President Cosgrave, speaking in front of the old Irish parliament house, said: "If the prisoners were really hunger striking it might be different but there is a lot of bluff about these strikes."

THREE CARS IN COLLISON

Canton, O., Oct. 22.—S. S. Trump, 50, was killed and seven others were injured when three automobiles crashed six miles north of this city. Trump and Sam Harris were driving the machines into which a third car, said to have been driven by Justin Treisch, crashed when the driver was adjusting his headlights.

KILLED BY AUTO

Cincinnati, O., Oct. 22.—Catherine Klein, 8 years old, was killed yesterday when struck by an automobile. The child was walking with her father, Carl Klein, when hit by a car said to have been driven by Walter Edwards, manufacturer. Her death made the toll of motor car accidents in Hamilton county 105 for 1923.

DIES IN FIRE

Columbus, O., Oct. 22.—Fire of an undetermined origin was responsible for the death of Mrs. Nora Bellamy, 44, at her home here last night. She was found dead in the bathroom, where she had gone after being badly burned by a fire in her bedroom.

CATCHES THIEF
BY CLEVER RUSE

Cincinnati, O., Oct. 22.—The ingenuity of Ora Jeffries, manager of a small hotel at 221 West Fifth street, led early Saturday to the capture of a thief. When a card game broke up late Saturday night one of the players missed his watch. Jeffries later found it under a dresser in the room. Believing that the thief would reappear to remove it from its hiding place, he devised a burglar alarm, consisting of a glass tumbler, a tin pan and a spoon. The thief returned, groped under the dresser and caused a clatter by knocking the spoon from the top of the glass to the pan.

THREE ARE DEAD
AND TWO DYING
AFTER ACCIDENT

Interurban Car Crashes
Into Auto in Cleveland
Sunday Night

Cleveland, O., Oct. 22.—Three persons are dead, two are believed dying today while two are seriously injured the result of a traffic accident last night when a Cleveland and Painesville interurban car plunged through a touring car driven by Rudolph Betzer. The accident occurred at East 185th street, and Glenfield avenue.

The dead are: Mrs. Rosa Stroh, 37, Euclid village; Joseph Stroh, 14, her son; John Grohse, 22, Euclid village. The injured: Rudolph Stroh, 19, believed dying; Rudolph Blatz, 22, believed dying; and Anna Stroh, 9, and Rudolph Betzer, 40, who have a chance to recover.

A police investigation conducted following the accident placed the blame on the driver, who was said to be inexperienced. He was said to have disregarded the interurban's warning signal.

The wreckage of the car was strewn along the right of way for several hundred feet.

COST OF LIVING
INCREASE 1.4 P. C.

Washington, Oct. 22.—Although the cost of living in the United States advanced 20.5 per cent from June, 1920, to September, 1923, and 3.5 per cent during the past year, the increase since June of this year is only 1.4 per cent, according to figures made public today by the Department of Labor.

The increases between June and September 1923, range from 0.2 per cent in Kansas City to 2.7 per cent in Boston.

HINTS AT PERJURY IN
STOKES DIVORCE HEARING

New York, Oct. 22.—Mrs. Helen Ellwood Stokes, who is fighting the divorce suit brought by her aged millionaire husband, W. E. D. Stokes, indicated that witnesses who have attempted to besmirch her name will face perjury charges as soon as the present trial is over. There is an insistent rumor that Samuel Untermyer, Mrs. Stokes' chief counsel, has demanded an immediate grand jury investigation of the alleged falsifications by witnesses for Stokes.

CIRCULAR HELD SCURRILOUS

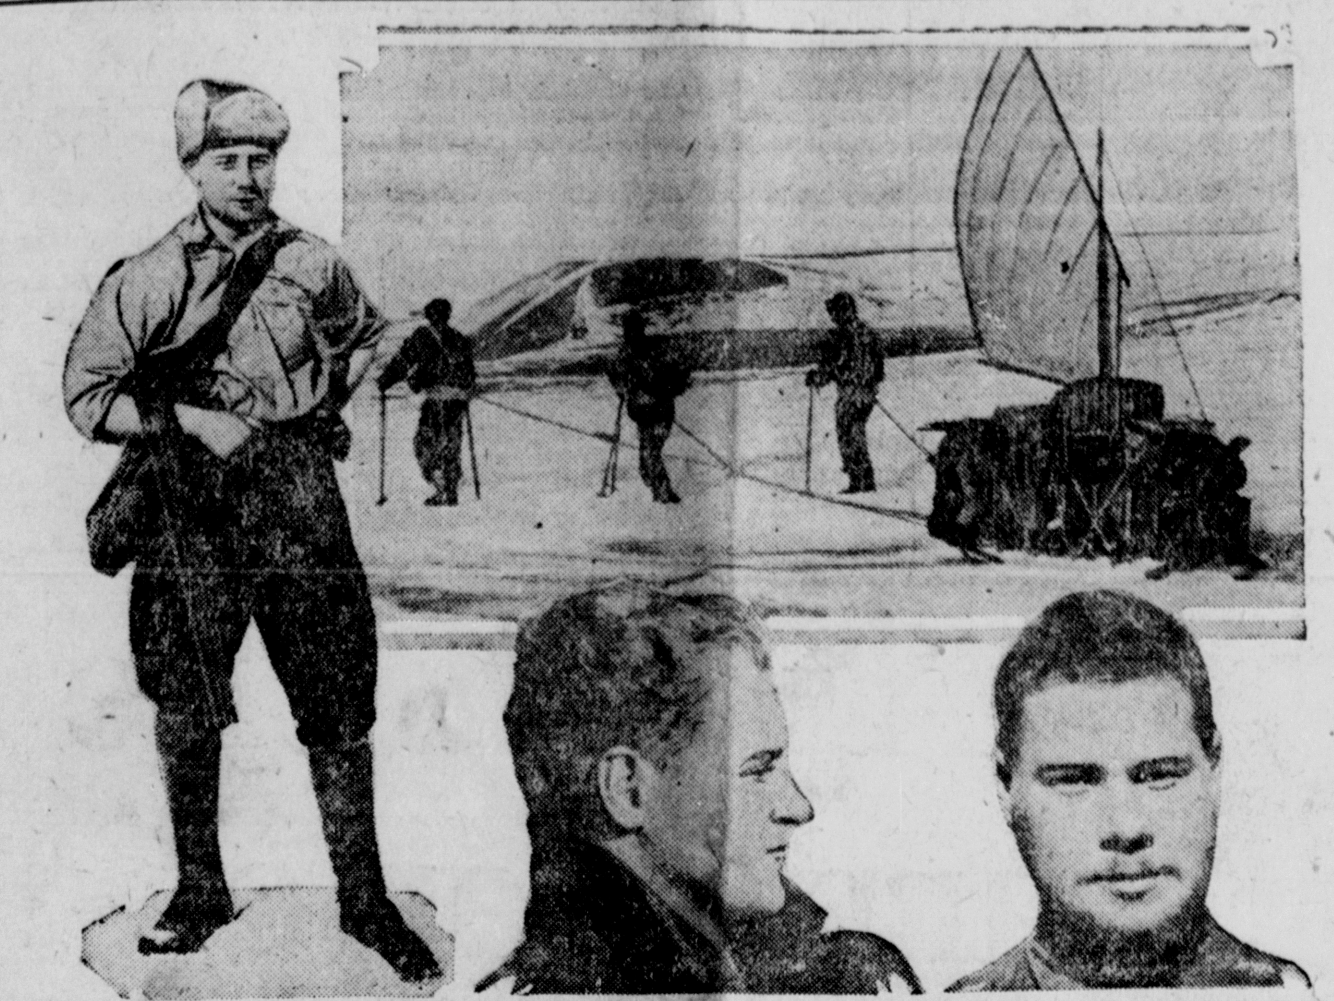

Alliance, O., Oct. 22.—E. L. Walker of Cleveland, brother of Dr. O. C. Walker, who was murdered Sept. 28, 1921, was brought to this city to answer to a charge of being responsible for the distribution of a scurrilous circular in Alliance. The circular attacked Dr. W. H. McMaster, president of Mount Union college and foreman of the special grand jury appointed by Attorney General Crabbe, last April to investigate the murder.

BANDIT SHOT

Cleveland, Oct. 22.—An unidentified man is in a hospital here with a bullet wound near the heart. He was shot by his companion after the two had held up a restaurant and were making away with the cash box containing about \$100. Police believe the shot was fired to deter pursuit by the restaurant employees and that the bullet went wild.

OXFORD COLLEGE MEN RETURN FROM ARCTIC EXPEDITION
AFTER OBTAINING WEALTH OF SCIENTIFIC INFORMATION

F. G. Binney, W. Gundry, A. T. Wilde & Sail Sled

After a thrilling trip to North Eastland, lying northeast of the main Spitzbergen Archipelago, the Merton College Arctic Expedition from the University of Oxford, England, led by F. G. Binney, a 22-year-old student

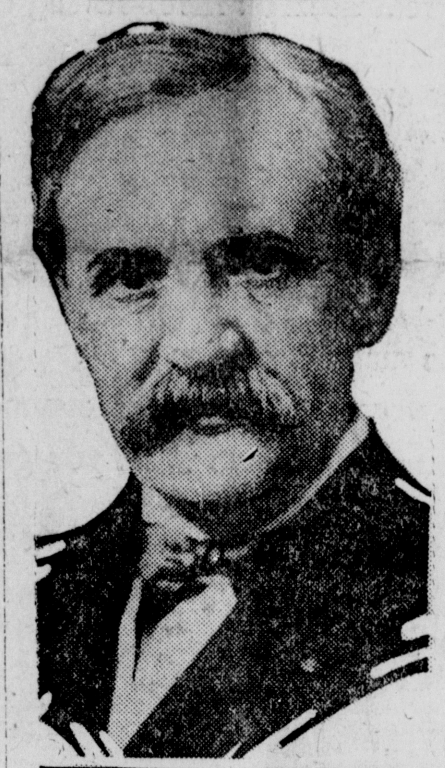

and the youngest man ever to lead an Arctic expedition, has returned to England. The objectives were topographical work, as well as geology, zoology, botany and ornithology. A great deal of scientific data was obtained. W. Gundry, an

American, whose father is President of the Cleveland O. Trust Company, and A. T. Wilde, the American member of the Oxford champion rowing eight, were on the voyage. Sails were used to move their sleds over the ice.

Senate Revolt Seen As Result of Move
To Elect Cummins Presiding Officer

Washington, Oct. 22.—A revolt by the La Follette group of Independents against Republican re-organization of the next Senate may result from a party movement to elect Senator Albert B. Cummins of Iowa, as presiding officer, it was learned today.

The naming of committee memberships and distribution of capitol patronage hang in the balance as La Follette's adherents are counted in the bare Republican majority. The La Follette group protest against the election of Cummins as presiding officer, a long as he continues in the chairmanship of the powerful Interstate Commerce Committee, with its control over railroad legislation. Cummins, who has been president pro-tem of the senate for four years, is now drawing the \$12,000 salary of the vice president, left vacant by Mr. Coolidge's elevation to the White House. The post, besides

Albert B. Cummins

providing social advantages, places its occupant above the cabinet in political importance.

The La Follette group, however, is reported to be threatening warfare unless Cummins either resigns his chairmanship of the Interstate Commerce Committee or else declines to be a candidate for the Senate's presidency. If Cummins does resign the chairmanship, Senator La Follette would be his successor.

LINER POUNDING TO
PIECES ON REEF OFF
PROVIDENCE ISLAND

New York, Oct. 22.—The United Fruit Liner San Gil, with passengers on board, is in distress off Providence Island, 150 miles east of Bluefields, Nicaragua, according to two urgent wireless messages picked up today by naval communications here. The vessel is believed to have struck a reef.

The San Gil left Boston October 14, bound for Havana, Colon and Port Limon.

Several steamers have altered their course and are rushing towards the stricken ship, according to wireless information.

Boston, Mass., Oct. 22.—According to advices received by the local office of the United Fruit Company the steamer San Gil is on a reef off Providence Island, near Colon. Two of the company's steamers are standing by and no fear was felt for the safety of passengers and crew according to Boston officials.

Key West, Fla., Oct. 22.—"We are launching lifeboats" was the report received here today from the United Fruit Steamer San Gil.

The boat bound from Havana to Colon is pounding to pieces on a reef off Providence Island according to messages received here. The steamers Sanbles and Pastores are rushing to the scene of disaster. The Sanbles was due to arrive there in an hour.

WEBB EXONERATED
OF RESPONSIBILITY

White Plains, N. Y., Oct. 22.—Charles H. Webb, husband of the late Mrs. Gertrude Gorman Webb, wealthy clubwoman, today was completely exonerated of all responsibility of the death of his wife, in a presentment returned by the Westchester County Grand Jury.

GAS AND OIL MEN MEET
IN ANNUAL CONFERENCE

Columbus, Oct. 22.—The Ohio Gas and Oil Men's association opened its annual convention here today. "Transition from Natural to Manufactured Gas" was the subject of an address by Dana J. Demarest, professor of metallurgy, engineering experiment station, Ohio State university. He told the association what can be done, or must be done, with present equipment when it becomes necessary to supply manufactured gas and how to enrich manufactured gas with the remaining supply of natural gas that may be available.

W. T. BEAL FORMER
XENIAN IS DEAD

Word has been received here of the death of W. T. Beal, former Xenia resident, which occurred at the home of his daughter, Mrs. George Beal Thomas, in New York City.

Mr. Beal was a veteran of the Civil War, and a member of 54th O. V. I. He has resided in New York for some time. Miss Belle Beal of Linwood, Ohio, is a sister, and a number of other relatives survive.

Funeral services will be held Wednesday morning at ten o'clock, from the McClain funeral parlors on West Main Street, with interment at the Woodland cemetery.

PROCLAIM MARTIAL
LAW IN ATHENS

Athens, Oct. 22.—Martial law was proclaimed here today, as a result of agitations of monarchists who are charged with plotting counter revolution against the Gonatas government.

While a warship had been held in readiness over the week end for members of the government, if they decided to flee, they elected to remain and fight. An appeal was issued to the people to remain calm.

STOKES IS CALLED
TO WITNESS STAND

New York, Oct. 22.—W. E. D. Stokes was called as a witness for his wife today when she began her defense against his suit for divorce. The aged millionaire, seeking to divorce the young and beautiful Helen Ellwood Stokes and obtain the custody of their two children, proved a hostile witness.

BERLIN GOVERNMENT IS
IN DANGER; RHINELAND
REPUBLIC MOVE SPREADS

Separate State Proclaimed—Bavaria Belligerent Towards Berlin and Threatens Warfare Against Red Saxony—Seek to Settle Crisis.

London, Oct. 22.—The breakup of the German nation under pressure from without and troubles and sufferings from within, is under way today, according to all indications from Berlin.

One or two republics may be created in the Rhineland as a result of the Rhinish republican movement started at Brussels.

Bavaria is at loggerheads with Berlin, Saxony, Baden, Hesse, Thuringia and Wuertemberg and is threatening war. It is possible that Europe may again see Germany split up into separate states, as existed before Prince Bismarck, the "iron chancellor" welded them into one confederation.

Foreign office officials said Great Britain has not yet made any decision regarding the British attitude towards the new Rhinish republic. Great Britain will await events for the time being, guided by developments.

Berlin, Oct. 22.—Severe fighting took place at Meissen today by reichswehr and communists.

The foundation of the German reich was cracking today, under the strain of secession, hostility between the states, public distress and labor troubles. Up to early afternoon few serious disorders had been reported except from the occupied districts. For the most part the people are apathetic and indifferent.

Berlin, Oct. 22.—The Berlin government was best on two sides to day, being in the most dangerous position since the revolution at the end of the war. Bavaria was belligerent towards Berlin and was threatening warfare against red Saxony, while the Rhineland republic movement was spreading.

Muenchen, Gladbach and Crefeld have joined the Rhinish republican movement.

Fervent attempts are being made to settle the Bavarian crisis amicably, leaving the decision whether Bavaria is right or wrong to the Reichsrat, which is the representative body of all the federal states in Germany.

The reichsrat will meet tomorrow. Bavaria prevented an open break over Sunday by not attempting to wear in, formally, members of the Reichswehr. In the meantime the official statements being given out at Munich, while threatening Berlin, indicate that, for the time being, the Bavarians will be content to watch the result of the secessionist movement in the Rhineland.

Paris, Oct. 22.—The Rhineland republic has been proclaimed at Aix la Chapelle and the Rhinish troops are moving on Cologne.

One thousand troops proceeding from Aachen to Dusseldorf have proclaimed a republic at the latter city.

A report from Aachen headquarters states that the republic extends throughout the entire Belgian zone and includes Mayence, Coblenz, Wiesbaden and Duisberg.

While the French occupational forces ostensibly maintained strict impartiality regarding the movement for the new republic, the proclamation could not possibly have been carried out, it is declared here, without the protection of allied bayonets, as only a minority of the Rhineland population favor separation from Germany.

The result will be either anarchy and civil war in Germany, or the constitution of a new "buffer state," like Luxembourg, between France and Germany, with France dominating the Rhine, as Germany before the war dominated Luxembourg.

The Rhinish troops having captured Aix la Chapelle without a shot are now marching on Cologne, which is in the British occupied zone and which is also the headquarters of the anti-separatists.

The Rhineland population, including the people of the Ruhr, it is realized, have been reduced almost to starvation, and may acquiesce peacefully in the creation of a state which has the support of only a small minority. On the other hand, it is recalled, the proclamation of a separate state at Ludwigshafen four years ago survived only four days, although it had French backing. At that time the workmen immediately proclaimed a general strike and forced a withdrawal of those supporting the French plan.

The workmen in the Rhineland are regarded as constituting the most nationalist group within the territory occupied by the allies. Economic conditions have changed since the workers defeated the French designs four years ago, but some protest move against the present proclamation is fully expected.

The proclamation at Aix la Chapelle, it is felt, is certain to aggravate the situation in Bavaria and Saxony. If the Rhineland population and the Berlin government both prove powerless in the face of French domination, developments will strengthen the hands of the separatists in Munich and Dresden.

Aix la Chapelle, Oct. 22.—Two thousand separatists occupied all the municipal buildings here and hoisted the flag of the Rhineland republic. They issued a proclamation forbidding resistance to its authority and threatening penalties for manifestations against the new government. The proclamation also requested the population to be calm. The troops are extending the movement and are getting ready to march southward into the British zone at Cologne, as well as to penetrate further north into the Belgian zone. The proclamation was signed by Deckers and Von Grumbach, who are supposed to be affiliated with Dr. Dorten, who is expected to be proclaimed president of the republic.

Munich, Oct. 22.—War is on between the dictator of north Germany and the dictator of south Germany. The mental attitudes of north and south Germany are so diametrically different on vital domestic issues and foreign policies that an amicable settlement in the abnormal atmosphere is out of the question. Bavaria is determined not to be dictated to by the northern dictator, this being emphasized by a proclamation of Bavarian Dictator Von Kahr following a council of ministers severing the national army in Bavaria from the army of the rest of Germany, creating a "Bavarian reichswehr." As further defiance, Kahr as dictator has appointed Von Lossow, whom Ebert through Stresemann ordered dismissed from the service, as commander of the Bavarian troops. The national army units in Bavaria, probably not exceeding 15,000, has taken the Bavarian oath of allegiance.

COAL ASSOCIATION
BRANDS CHARGE OF
COMMISSION FALSE

Washington, Oct. 22.—Charges of the U. S. Coal Commission that wholesalers have extracted a profit as high as two hundred per cent from the public during the period 1913-1922, were denounced as "ridiculous and utterly fallacious" by the American Wholesale Coal Association here today.

The commission's report made specific reference to the Wholesale Association, which it charged had advocated an unfair profit standard.

"The commission's profit statement is a deliberate attempt to create the impression throughout the country that wholesalers make an exorbitant profit on the capital invested and devoted to the business, whereas the profit, so-called, is not a profit at all but just a compensation for services rendered to the public and mine owners," Ira Cochran, commissioner of the association, declared.

ANNOUNCE PLANS
FOR ELECTION NEWS

Columbus, O., Oct. 22.—Plans for transmission promptly of unofficial returns on election night, November 6, were announced by Secretary of State Brown today. These plans included use of the four blank telegraph forms, to be filled out by the local Boards of Elections. The telegrams are to be transmitted to the office of the secretary of state as follows:

When the first ten precincts have been tallied; at 10 p. m., at midnight and when the last precinct has reported.

Arrangements have been made throughout the state for prompt wire facilities. Secretary Brown said. He has mailed the blank telegraph forms to all the Boards of Election in the state.

The plan is in conformity with a law passed by the last Legislature, sponsored by Ohio newspapers which provided for prompt service and prompt returns.

INVESTIGATIONS
NOW NATION-WIDE

St. Louis, Mo., Oct. 22.—With investigations under way today in 17 states the probe of the ramifications of the Missouri Medical Diploma ring exposed by the St. Louis Star last week, has become nation-wide.

Governors, state boards of health and boards of medical examiners of California, Kansas, Iowa, Michigan, Minnesota, Ohio, Wisconsin, Connecticut, Maryland, and other states today, were following Missouri's lead in the inauguration of probes to determine to what extent the "diploma mill" operated in these states.

INVESTIGATION OF FINANCING ASKED

Columbus, O., Oct. 20.—Investigation of the financing of the Lima Street Railway Company has been asked of Attorney General Crabbe by the Amalgamated Association of Street and Railway Employees of Lima, according to a letter made public today by the attorney general.

The attorney general said that he is seeking additional information to the "rather vague allegations" made by the street car men.

"If the law has been violated, or if it is made to appear that there has been any attempt to violate the law, the proper steps will be taken," Attorney General Crabbe said.

The railway employees wrote Attorney General Crabbe claiming that the Lima City Street Railway Company was a "paper company" and said that they were "informed that the president has been authorized to dispose of \$999,000 in stock to innocent investors with no intention of putting the money into bettering the street railway system in Lima."

COURT NEWS

Two Divorce Filed

Anna G. Hurst is plaintiff in an action filed in Common Pleas Court against Blythe Hurst for divorce and custody of the children. The couple was married April 3, 1906, and the plaintiff charges gross neglect of duty. Mary Pennington charges gross neglect of duty in her petition for divorce from Ray Pennington filed with Clerk of Courts Harvey Elam. The Penningtons were married May 5, 1921. There are no children.

Ditch Causes Strife

A spring branch or ditch is the bone of contention which led to the courts with the filing of an action with Harvey Elam, clerk of courts, by E. S. Keiter and Maude D. Keiter, against Russel Schultz and Gertrude Schultz.

The plaintiffs and defendants own adjoining farms on the Shakertown pike, Beavercreek Township, a lane between the farms running back to the rear of each and used jointly. The ditch in question is east of the lane,

and empties into the Stafford ditch which crosses both property.

The petition declares the defendants have cleaned out the ditch, piling dirt in places two or three feet high and also permitting willows to grow on the east bank, so that in flood times the water flows over the west bank and out on the lane, damaging the lane, making it impassable, soft and muddy. The plaintiffs allege they have requested the defendants to remedy this and they have refused. The petition further charges the stream is wearing a new channel and threatens to undermine the line fence and encroach on the lane. The plaintiffs ask mandatory injunction requiring the defendant to remove the dirt and willows on the east bank. Miller and Finney are attorneys for the plaintiff.

Partition Suit Filed

C. H. Kyle, as guardian of estate of Frederick T. Schell, a minor, has filed suit in Common Pleas Court against Nellie T. Schell asking for partition of property in which the plaintiff's ward, as a legatee under the will of Fred J. H. Schell, claims a one-half interest.

GUARDIANS NAMED

C. H. Kyle has been appointed guardian of the estate of Frederick T. Schell, aged 18, in Probate Court and furnished \$6,000 bond. H. H. Smith has been named guardian of the estate of Helen Ann Smith, aged 16, and furnished \$3,000 bond in Probate Court.

The Pension Law and Taxes

Considerable agitation has been aroused, both pro and con, over the proposed Old Age Pension Law for Ohio, which will be voted on at the polls on November 6th. Sponsored by the Ohio Federation of Labor and the Fraternal Order of Eagles, the proposed Law was drawn in the summer of 1922, by these organizations which circulated initiative petitions to have the measure introduced and acted upon during the last session of the General Assembly. The bill was referred to the Committee on State and Economic Betterment and no further action was taken upon it.

In a case of this sort, supporters of a proposal can bring it to a vote by securing an additional three per cent of the voters' signatures, and, if carried at the election, will become a law regardless of further action of the Legislature. This, the backers of the proposition have done, with the result that the question will appear on the ballots for a "yes" or "no" vote next month.

The statement of the proposed law as set forth on the petitions reads as follows:

"To provide for the payment by the state of pensions to citizens who have reached the full age of 65 years, and resided in the state not less than fifteen years in such sum as to assure an income of not less than \$350 per annum to persons who make application for the same and come within certain prescribed conditions; and to create a State Pension Commission and county boards of welfare to have charge of the administration of said proposed law."

Requirements as to character: That the applicant has not been in prison four months or more for a period of ten years preceding date of application that "Claimant" shall not have deserted wife (or husband) "for a period of six months or upwards during a period of 15 years preceding application; that applicant has not within the year, accepted public charity, or been a professional tramp or beggar.

The financial requirement is that applicant shall possess less than \$2500.

The Ohio Board of Commerce, which is fighting the proposed bill declares that the measure should be opposed for two reasons:

"1. It will add millions and increasing millions to the tax rolls of Ohio to be paid by the already overtaxed citizenship a large proportion of whom have no better opportunities for accumulating property, than the candidates for the proposed pension.

"2. It establishes a principal detrimental to the beneficiaries of the proposed law in that its establishment will tend to do away with personal savings permitting thousands of our citizens to become wards of the state and to rear their children with the same ultimate refuge in view."

The Unfading Leaf—Psalm 1—8.

"His leaf also shall not wither."

I think this is one of the richest promises in all the glorious treasury of grace. What is this living word but a promise that those who wait upon the Lord are not to lose their youthfulness as they grow older, but are to retain it to the end of their days. For the leaf is the youngest thing in the woodland. It is the prelude of all the pomp of summer glory. It is the symbol of hope and of pledge of harvest and autumnal glory. And it is this sweet, fresh, beautiful thing which is laid hold of in the word of God, to express the permanent youthfulness of a life that is steadily resting in the Lord. It has something corresponding to the green leaf, and however many may be its years, when they are counted in the register of birth, the green leaf is never to wither away.

Now what are some of the green leaves in human life? Well, of all, there is love itself, the most exquisite leaf in all the fairy woodland of childhood. Childlike love is a very tender thing and very gentle, and it is as fragrant as any incense that rises from the altar of the most rapt an adoring saint. And another leaf of childhood is trustfulness. An then there is the leaf of hope. How fresh and lusty is the leaf of hope in the garden of childhood!

There are many other leaves which might be named, but these shall stand as samples of all the rest. And now this, the wonderful promise that, when we are resting in the Lord, all these lovely childlike things remain with us. They are part of a parcel of us, even as we grow older and after we have grown old.

Rev. J. H. Jowett

In these days of withering, fading and falling leaves, what could be more appropriate than Dr. Jowett's beautiful words above.

Today's Talk

HE LOOKED AT THE TOP

In reading the wonderful story of an immigrant boy who came to America, and who later rose to one of the powerful figures in the country, I noted one sentence that greatly impressed me.

"He looked at the top," wrote the one who told that absorbing story.

And that was the secret of the success of that immigrant boy.

I remember the story of a boy who had the ambition to carve his name above all others upon the sides of the great Natural Bridge in Virginia. You probably read the same story in one of your first school readers, for that is where I read it.

Cutting notches in the rock for his hands and feet, higher and higher he climbed. Little by little he passed name after name that others carved before him.

But he would not give up. His

name must be carved above them all.

Below stood those who were near and dear to him. His mother and father, sisters and brothers, and well wishing friends.

Higher and higher he climbed! Dizzier became the height. Further became the distance below—but shorter the distance to the top.

"Don't look down! Don't look down! Keep your eyes toward the top!" came the cries of those below.

Finally he found his spot and carved his name above them all. His strength was nearly gone, but as his last efforts cut the name secure, he was pulled to safety. He had won. He did not look down.

He had put his name above them all. He looked at the top.

And that is what you may do. Success is yours if you do.

"He looked at the top." You may look at the top!

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It is very easily prepared, and there is nothing better for coughs.

Into a pint bottle, put 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations; and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and disappear. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

Vigorous Old Age

WHY separate youth and old age with a deep and ever-widening abyss?

The bloom of youth and the hardy, ruddy glow of Old Age—sixteen and sixty—should be separated only by the span of years and not by varying differences of physical wholesomeness.

Vigorous old age is within the grasp of all. S. S. S. brings that hale and hearty feeling back with a rush. Rich red blood is the greatest enemy of weakening, health undermining Old Age. S. S. S. builds Red Blood Cells. Rich, red blood coursing through your veins sweeps away impurities that retard the proper functioning of your system. Old Age—once a dreaded agony becomes a vigorous, enjoyable, care free time of life.

S. S. S. is made of carefully selected herbs and barks—scientifically prepared and proportioned. Welcome Old Age when it comes. Be ready to withstand the attacks of diseases that follow in its wake. Meet Old Age with a hearty handshake. A handshake that speaks of well being—a vigorous, clear thinking, red blooded constitution. S. S. S. is your best friend when Old Age is seen rounding the corner. Get a bottle and drive care and worry away. All leading drug stores carry it. The large size is the more economical.

MONEY AT WORK

Brief but Important Lessons in Finance, Markets, Stocks, Bonds and Investments

The difference between an ordinary sale and a short sale is mainly a difference in time of delivery.

Short selling is merely contracting

A SHORT SALE

"READY IN A WEEK"
TAILOR IS SHORT UNTIL SUIT IS MADE

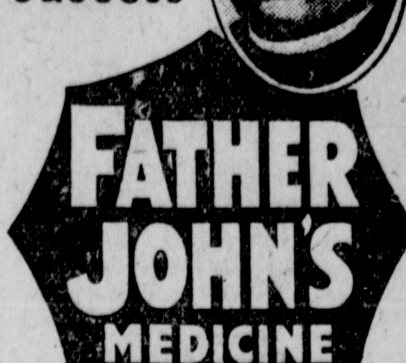

to sell something which you do not have at the time of the sale. A tailor sells short when he agrees to make a suit of clothes. He has no suit and

must make one or otherwise obtain one before he can make delivery.

In stock market operations it is necessary to deliver the stock by 2 p. m. on the day following the making of the short sale. Hence whenever a short sale of stock is made, the seller borrows it from a third party and delivers the stock to the buyer. Later, the borrower must go into the market and buy the same kind of stock again in order to return what he has borrowed.

Just how this operation is carried out will be explained here tomorrow.

XENIA HIGH DROPS ANOTHER LOSING TO GREENVILLE HIGH

Playing a team admittedly inferior to West Milton High School, the Xenia Central High eleven sunk deeper into the mire of oblivion Saturday by losing to Greenville High at Greenville, 39 to 0.

Although the blue and white pastimers admitted that Greenville did not possess the quality of the West Milton eleven which twice defeated Xenia this season, they were more utterly helpless against the Darke County aggregation than in the two games with West Milton.

With the hard games of the schedule now looming up, and with special plans underway to dedicate new Cox Memorial Athletic Field, fans are hoping for a rejuvenation of the eleven for the second half of the season. If the team does not improve, it promises to be the most monumental flop in the history of gramin activities at Central High, rendered more noticeable on the heels of two championship eleven.

EAST SIDE ELEVEN

WINS FROM DAYTON

The East Side Athletic Club football team made its debut at Dickerson Park, Sunday afternoon, defeating the Dayton Americans, formerly known as the K. K. K. eleven 7 to 0 in a well played game.

The contest marked the inauguration of football in the east end, and the East Side aggregation got away on the right foot as the first independent colored eleven ever organized in the city. Only part of the new uniforms ordered for the team arrived in time to be used, disappointing the players, who expect to break out in the new outfits next Sunday.

The teams were evenly matched and the lone tally offered the only break in the game. Coleman, former Wilberforce University star, sparked in the backfield for the East End crowd and his plunges ripped the visiting line time and again. Coleman made the only touchdown of the game in the third quarter, after the half had ended nothing to nothing and he goaled a 16-yard place kick for the point after touchdown.

"Red" Anderson, of erstwhile basket ball fame, piloted the East Side aggregation well. Fred Borden played a snappy game at full back, plunging well and furnishing the thrill of the afternoon by intercepting a forward pass. He served as acting captain of the team. Others of the pastimers also showed up well. Allen Borden was a tower of defense on the line, while Buford was in every play and Harris and Vaughn starred at the lanks.

The East Side Club will practice Tuesday night at Water Tower Park in preparation for its game next Sunday with the Wyoming Merchants of Dayton at Dickerson Park. The lineup and summary.

BARBERS CONTINUE WINNING STREAK BY DEFEATING ST. PAUL

The K. 4. A. football team of Xenia continued its winning streak at the expense of the St. Paul A. C. team of Dayton Sunday afternoon at Washington Park, the score being 18 to 0.

The teams were about evenly matched but the locals cut-smarted the Dayton tribe who never made a single first down while the locals were negotiating. The St. Paul outfit tried one line buck and resorted to many forward passes, only one of them working for a gain of seven yards. The secondary defense of the locals knocked down all of the attempted passes of the Dayton outfit while the K. 4. A. line-men charged in and rushed the passer time and time again.

Captain Leahy won the toss and choose to receive. After the kick-off Roach made 12 yards around right end. Heery picked up two through center and on the next play the locals fumbled and the visitors recovered. Steinbram punted to E. Leahy who returned the ball to Xenia's 40. Heery and Neville made it first down. Roach failed to gain and the locals lost the ball later on downs. Cowan threw McGowan for a loss and on the next play the

visitors fumbled, Purdom recovering the ball for the locals. E. Leahy and Heery made it first down on Xenia's 20. Neville made 5, Roach 3, and Gene Leahy made it first down as the quarter ended.

Xenia was penalized 5 yards for offside. Purdom was thrown for 10 yard loss on an end run. Pass was incomplete and after several bucks the barbers lost the ball on downs. Steinbram's punt was blocked and Purdom fell on the ball for the locals first touchdown. Roach failed at goal.

Xenia kicked off to Dayton and Clark was downed on the 40. The St. Paul team then tried three passes but none of them were completed. After Steinbram punted the half ended.

Roach kicked to McGowan who was in midfield. Dayton was penalized 10 yards twice for having its backfield in motion. Lucas threw McGowan for a loss. Two passes were tried but both failed and Steinbram punted to Gene Leahy who ran the ball back 12 yards to Xenia's own 40. A pass was incomplete. Heery made 5 through center, Neville picked up one and E. Leahy added one. Heery failed to gain and the ball went to the St. Paul outfit.

The visitors once more tried to gain by the aerial game without avail. Dayton punted out of danger. Lucas and Neville made 17 yards in two plays. Purdom circled end for

6 and Roach made it first down. Foley and Gene Leahy slowed the line for another first down. Heery made 5 on an off tackle play. Roach picked up 4 through center. E. Leahy snaked and made it first down as the third quarter closed.

Lucas was called back and made 5 yards through guard on the first play of the last period. Heery made 2 and Lucas added the same number while Neville made it first down for Xenia on the 3 yard line. Heery could get but one but on the next play he went over for another six points bringing the total to 12. Purdom failed to drop kick the ball over the goal.

After Roach kicked off Dayton was penalized 5 yards for off side. The St. Paul aggregation made their only gain during the entire game when Herbert tossed a pass to Fisher who advanced about three yards and was downed. They lost the ball on down. McFadden and Roach made eight and Roach then punted to Clark. Frank Leahy and Lucas broke up two of the visitors passes. Steinbram punted to Roach who with perfect interference ran 68 yards for a touchdown. Lucas spilled four of the Dayton men who were after Roach. The dash was the feature of the game. Roach failed at goal and the scoring was over.

Lucas played a fine game for the winners. He was in every play. Purdom and Cowan also looked good at the ends. F. Leahy at center opened some big holes or the K. 4. A. backfield men.

Heery, Neville, Roach and Gene Leahy made most of the gains for the locals. The game was marked by quite a bit of fumbling on both sides. The K. 4. A. team will practice at 7:30 Tuesday evening at the usual place. All players are expected to be there. The K. 4. A. will play at Washington Park again next Sunday.

BURGNER PERFORMS

WITH DAYTON TEAM

Coach Earl Burgner of Central High School played quarterback part of the game Sunday for the Dayton Triangles in which the Dayton team lost to the Toledo Maroons at Toledo, 6 to 3.

Burgner replaced Abbott, the Syracuse quarterback. Hathaway's field goal gave Dayton a lead made more imposing as the contest progressed until the Maroons unleashed a diving attack late in the game that enabled "Cowboy" Hill to score the only touchdown of the game.

OSBORN INDIANS

LOSE TO KOORS 29

The Osborn Indians, hitherto undefeated, lost to the Koors 29 team of Dayton at Dayton Sunday by the score of 18 to 0.

The Dayton team outplayed the GreeneCountians all the way, carrying the battle into the Indians' territory with Johnny Maht, former University of Dayton star leading the way. Big Bill Ward, former Middletown Miami star, was the chief offensive and defensive star of the losers. The Indians will play a Dayton team here next Sunday.

ZEV BEATING ENGLISH COLT PAPYRUS

Zev beats Papyrus.

New York, Oct. 22.—Post-mortem developments of the great Zev-Papyrus match race, its hoofbeats still echoing up and down Broadway's tall, slim canyons, are these, to wit:

1. The probability that Zev and My Own, leading contender for the

three year old championship, will meet, either in the revival of the Washington handicap at Laurel, on Saturday, or in the Latonia championship, the week following.

2. The possibility that the two colts will race it out in a match at

fair at one of the Maryland tracks before the end of the season.

3. Intimation by Harry Sinclair, owner of Zev, that the colt may be shipped to England in 1924 for races there, a gesture of courtesy toward Ben Irish and the visiting Papyrus.

WOULD SQUEEZE MORE MONEY OUT OF BUTTER; BULLETIN TELLS HOW TO DO IT

"Dairymen who produce Grade 1 cream will realize about 10 cents more on each pound of butter than dairymen who do not. Each Ohio cow that produces 300 pounds of butter a year, with her product handled so that it will be sold as Grade 1 cream, will make approximately \$30 extra profit each year for her owner."

So writes Ivan McKellip, extension specialist in dairying, in "Caring for cream on the farm," a bulletin now on the presses at the Ohio State University and available to the public in about two weeks. A card to the publications department, College of Agriculture, will obtain this bulletin without charge.

Thirteen rules are set down for those who want to produce this high grade cream and so increase their profits. Use a metal, not a wooden ladle in stirring cream, one rule reads, since the wooden implement absorbs some of the cream, quickly and foul odors, and passes these on to the cream. Again, never mix warm and cold cream, if you would keep it fresh for any length of time.

These and other suggestions are fully explained in the bulletin.

"This Soviet (American Scientists) of 11,000 men at the most assumes to take charge of our thinking and to tell the 100,000,000 what is true and what is not true. Most of them started with a belief in God but lost it following the hypotheses of science."—William Jennings Bryan.

"The American is the best fed, housed and happiest workmen in the world. He has freedom of speech and the press and the right to quit work whenever he wants to. Those who are agitating for another form of government in America have nothing to offer the American workman. Russia, with its 140,000,000 people is controlled by 600,000 Communists and their supporters."—James J. Davis, secretary of labor.

"Once a German changed his collar every day! he disinfected himself thoroughly if he took a trip to the Balkan wilderness and turned up his nose at France's bathroomless dwellings, while permitting himself to lie in an oriental bed only with the greatest misgivings. We were the better humanity. In those days Berlin was the cleanest city in the world. Her asphalt was so white and clean that one could eat his dinner from it. Today we advise against such an experiment. Cleanliness is gone—from within and without. It has disappeared from business life and politics as well."—Deutsche Allgemeine Zeitung.

Seven reasons are given for variations in cream tests, and accompanying each is an explanation designed to help the dairymen avoid these variations. A properly constructed cooling tank is described and drawn in detail. The floor plan of an inexpensive dairy house, 20 by 10 feet, is also included.

The Greene County Farm Bureau will secure several hundred of the bulletins, since the sales are of special interest, since Greene County produces in the neighborhood of one million pounds of butter annually, amounting to about a quarter million dollars.

Anything that could be done to increase the grade or quality of the cream produced locally will have a large effect on the selling profit to the farmers, according to County

Agent Ford S. Prince. In the past all cream was sold for one price, good bringing no more than poor cream. With co-operative marketing on a firm foundation, the time is almost here when cream will be sold on its merits, Mr. Prince declares.

This means that the careful farmer will receive more money per pound for butter fat than the slovenly one, who takes little or no care for the product while on the farm.

The Southwestern Sales Company, a cream marketing organization, operating in Brown, Clermont, Highland, and Adams, counties, is buying and selling cream on grade alone.

When a style or a patent runs out Prices come down

Have you noticed all the low priced overcoats this fall? Caused by the fact that the Overcoat business was pretty low last year.

These 1922 carry overs are reduced in cost because styles were reduced in circumstances when these new models made their appearance.

You don't want a coat that the moth balls have given up as a bad job.

It's worth the little difference to get a new one—and you'll say so when you see the difference.

ADAIR'S

Established 1886

EXCHANGE BASEMENT

The idea and reason for the department is this: There is hardly a home in Xenia, or hereabouts where there is not at least one old piece of furniture that the owner would like to exchange for new, providing the old piece or pieces would be accepted as part payment on new furniture. Many would like to exchange an old sideboard for a modern buffet; some an old cupboard for a new kitchen cabinet; a couch for a late design davenport; an old-fashioned oak dining room or bedroom suite for a modern walnut suite; an old style range for the modern combination coal-and-gas; a dining table for a new and larger one—and so on.

OUR PLAN IS THIS

If you have anything at all that you would like to trade in as part payment on new furniture of any kind, come to our store and select whatever new article or articles, you wish. If you find that we have just what you want, and our price is satisfactory to you, we will then send a man out to look at the piece or pieces you wish to trade in. He will tell you the exact amount we can allow for your used furniture and if this amount is satisfactory to you, you can have him send out the new article or articles you selected and send back the old.

Understand, please, that we do not buy used furniture, but only accept it as part payment on new. To be selected. Nor do we send out to make a price on old furniture unless you have already found something to please you in our store.

PLEASE BEAR THIS IN MIND

None of the used furniture, stoves or floor coverings will be placed on sale again on our regular display floors. Instead it is placed in a special department which we have called Adairs' Exchange Basement. It will be offered for sale to people who will be glad of the opportunity to buy this kind

of furniture at the prices it will be offered at. HERE'S THE OPPORTUNITY THEN

You have possibly wanted some of the nice furniture you have been admiring. You've been wanting to get rid of some of the old-fashioned pieces you have—possibly some of them not as comfortable as they might be. You have wanted to brighten up your home. Adairs suggest the way. "Don't— you don't need to—get along the rest of your life with furniture that does not please you. Let us know what you would like to get rid of and what you would like to have in new—and we will not only do the rest but do it in such satisfactory manner that you will become one of Adairs' thousands of friends.

HOLD FALL RALLY OF YOUNG PEOPLE'S EPISCOPAL SOCIETY

The fall rally of the Episcopal Young People's Society of the Dayton district, was held Sunday afternoon and evening at Christ Episcopal Church, this city. Seventy-five delegates from out of town attended.

In the afternoon meeting, of which Miss Sabina Ross, president of the local society, was chairman, ways and methods of conducting a society were discussed. The Rev. Maurice Clark, of Columbus, delivered an address, which was followed by a demonstration meeting, conducted by the Society from the Church of Heavenly Rest Springfield.

The sessions closed with a devotional address delivered by Rev. E. M. Tasman, rector of Christ Church, Springfield. Supper was then served in the Parish house, which was decked in Halloween decorations by the women of the local church. Dayton was elected for the spring rally next May.

B. W. ANDERSON, 70 DIES ON SUNDAY

B. W. Anderson, 70, prominent farmer of Cedarville, died at his home, on North Street, in that village, Sunday night at 10:15 o'clock, following a sudden stroke of apoplexy. Mr. Anderson suffered a slight stroke, about eight years ago, and was in good health until the second attack, Sunday.

Mr. Anderson had resided in Cedarville three years in August, living before that time on a farm between Cedarville and Clifton.

He is survived by his wife, who was formerly Miss Alice McHatton, of Clifton; two children, Mac Anderson, who lives on a farm near Cedarville, and Bruce Anderson, of Dayton. One sister, Mrs. O. D. Estel, of Springfield also, survives. Mr. Anderson would have been 71 years of age the first of January. He was a member of the United Presbyterian church.

Funeral services will be held Wednesday afternoon at two o'clock, from the late residence in Cedarville, with interment at the Clifton cemetery.

JAMESTOWN

The relatives and friends of Mrs. David Stethem, of near Xenia, called with well filled baskets and gifts at her home, Sunday, and pleasantly reminded her of her birthday.

Those present were, Mr. Fred Hales and family; Mr. William Linton and family; Mr. William Clemens and family; Mr. Owens Clemens and family; Mrs. Jennie Horner and family; Mr. Tom Sessler and family; Mr. and Mrs. Harold Hoover.

BRINGING UP FATHER

WILBERFORCE

Bishop B. F. Lee, Senior Bishop of the A. M. E. Church, returned October 10th from an extensive trip to the West. He has the Episcopal jurisdiction of the western states of Utah, Idaho, British Columbia, Montana, Washington and California, and it was to visit in this field and hold the annual conferences that Bishop Lee left Xenia on August 23rd, to visit before he saw that city again, eighteen different churches in almost as many cities of the Pacific Coast.

He reports that the colored people of the West are thriving. Los Angeles has in her large Negro population, many Xenia colored citizens who are prospering. The Los Angeles church in which the California Conference held its sessions had full houses through the day and night meetings, though the church's capacity is between two and three thousand.

Before holding the California Conference, Bishop Lee had met the Puget Sound Conference in Spokane, Washington. He was the founder of this conference thirty one years ago. Indeed, it is significant that Bishop Lee—for he told the men that he was "graduating" from their service voluntarily after all these years of labor in the church—should close his activities in the same conference in which he gave his first service in 1892. He started and is ending his Episcopacy with the vast West, where he has friends who have grown with the west and know him from his first visit.

In the Puget Sound Conference Bishop Lee collected for Wilberforce University \$320.00, sent on by Secretary Johnson, and from the California Conference, closing Sept. 30th, Bishop Lee sent \$310.00 to Wilberforce, making a total of \$630 from the two conferences sent to Bishop Joshua H. Jones to aid him in his campaign for Shorter Hall.

MRS. ISABELLE MOSS SUCCUMBS SUNDAY

Mrs. Isabelle Moss, 53, wife of Lewis F. Moss, died at her home, 25 Locust Street, Sunday afternoon at 2:10 o'clock. Mrs. Moss had been suffering for the past four months, her condition being serious since last February, from cancer of the throat.

She was born in Caesar Creek Township, August 19, 1860. Her marriage to Mr. Moss took place 29 years ago Sunday. Her husband and three children, Mrs. Nora Huston, of Xenia; William B. Crabbe, of Dayton, and Mrs. Rose Smith of Rattiff, Kentucky, survive, with one brother, Robert Stafford, of Caesar Creek Township, and one sister, Mrs. Eliza Symonds, of Sidney, Ohio.

Mrs. Moss was a member of the Baptist faith, and was affiliated with the local Degree of Pocahontas, and Daughters of America Lodges.

Friends will meet at the late home Tuesday afternoon at one o'clock, and at one-thirty, at the K. K. K. tabernacle, for services. Interment will be made at Spring Valley. Friends may call at the residence at any time, Monday evening.

INJURED IN AUTO CRASH ON SUNDAY

Miss Lucile Chambliss, daughter of Mr. and Mrs. Willis Chambliss, of West Second Street, received deep cuts about the head and face, and severe bruises, Sunday night at 10:45 o'clock, when the Ford coupe in which she was riding with Kenneth Elliott, of Xenia, was struck by another machine at Third and Jefferson streets, Dayton. Elliott, who was driving his automobile west on Third Street, was unhurt.

The other car, driven by Nicholas Penant of Springfield, was going north on Jefferson street, when the accident happened.

Broken windshield glass in flied a deep cut on Miss Chambliss' face. No one else was injured. Miss Chambliss was taken to Miami Valley Hospital, where relatives were called. Both automobiles were badly damaged.

Miss Chambliss is employed in the office of Dr. G. W. Kuhn in the Kingsbury building.

FATAL SHOOTING AFFRAY

Akron, O., Oct. 22.—M. M. (Slim) Webb, 42, a race horse trainer of Clinton, Mo., is under arrest here and Peter S. Callen of Toronto and F. W. Gerhardt of Detroit, race track judges, are fatally wounded as the result of a shooting affray in the lobby of the Portage hotel. The shooting was the climax of a quarrel between the trainer and the judges, which came after Webb was suspended on charges of "fixing" a race at Northampton park.

WORKMEN FATALLY HURT

Chillicothe, O., Oct. 22.—Caught between two rolls of paper at a local paper mill, Lewis Huber, machine tender, was so badly crushed that he died of internal hemorrhages.

A WIFE'S STORY

By Jane Phelps

A SECOND VISIT FROM THE REV. ENUE AGENTS

Chapter LIX

Joan did not come down to breakfast, and I took a tray up to her. She was awake, but restless, nervous under my gaze.

"Don't turn away from me dear, I love you always," I told her as I kissed her. Then I brought a basin of cold water and bathed her face and head, before I gave her the strong coffee I had prepared.

"You are awfully good to me," she said with averted face.

"Why shouldn't I be? I'm your mother, I brought you into the world, didn't I? And—"

"Oh, how I wish you hadn't!" Her tortured cry interrupted me.

"Don't say that, Joan. What should I do if it were not for my two girls?"

"Laura is good, good. It is easy for her to be good, but it's never been easy for me. I've always wanted to do the wrong things, sometimes the wicked things. And, well, now it doesn't make any difference what I do."

Thinking Joan referred to Paul's bootlegging I tried to comfort her by telling her that he would certainly give it up when he knew his danger, and how terribly we felt about it.

"You know he won't give it up as long as there is easy money in it," she returned. "And it makes no difference to me now whether he gives it up or not. Nothing can hurt me any more."

"What a way for a 17 year old girl to talk," I said lightly. "You haven't commenced to live. I am going to let you visit my people until this thing is adjusted. You will love them, and get healthy and rosy again." Joan had been without appetite and was beginning to show the effects of sleeplessness and lack of nourishment.

damned clever. Let's have another look at the garage. He may have a cache under the floor or somewhere." They disappeared into the garage.

Breathlessly I watched for their reappearance. Would they find anything? Someway I had an idea if nothing was found on the place, they could do nothing to hurt Paul. So when they emerged growling because of their fruitless search, I was immensely relieved and after watching them leave in a car, parked by the side of the road, I sought my much needed rest.

It was 10 o'clock when I awoke to find Joan, pale and ill looking, by my bed with a tempting breakfast for me. "Turn about is fair play," she said, and, laughing a little, she insisted upon doing for me just what I did for her. She bathed my face and hands, then let me have my tray, making me promise I would eat in bed.

Many times the thought of her as she was that morning has brought me comfort.

Tomorrow—Joan Goes Rowing

The Cock and the Gem

A COCK came down from his roost at dawn and scratched the ground in search of food. By and by, he turned up a fine gem. He gave it a kick and muttered softly to himself, "Huh, you're a fine thing, no doubt, but to my mind one good grain of wheat is worth all the gems in the world."

It's all the way you look at it. The wealth of the universe wouldn't be worth much to you if it couldn't buy you something to eat. Inversely, the more you can buy for your money, the more our money is worth.
